9. HAIR
10. GUM
11. Q-TIPS AND COTTON BALLS
12. PET FISH
13. FOOD
14. BLEACH
15. FEMININE HYGIENE PRODUCTS

## Winterizing Your Home

With the cold weather approaching, please remember to winterize your home. Close vents around your homes foundation. Placing foam around your water pipers for insulation will protect your pipes from freezing. If your home is prone to freezing pipes, leave your cabinet doors open. Also, winterize your outdoor faucets. You can purchase foam faucet covers from your local hardware store. These extra steps will be cost effective down the road.

## PRACTICE FIRE SAFETY ALL YEAR LONG, NOT JUST IN THE WINTER MONTHS!

### BE FIRE SAFE THIS CHRISTMAS

- Keep your Christmas tree fresh by watering it regularly.
- Follow manufacture's labels for displaying Christmas lights.
- Use only cords rated for the electrical output of the appliance.
- Limit the use of extension cords.
- Don't leave cooking unattended.
- Check your smoke detectors while decorating for the holiday.
- Always unplug Christmas tree lights before leaving home or going to bed.
- Don't use any string lights with worn, frayed or broken cords or loose bulb connections.
- Christmas tree fires are deadly and extremely fast moving.

*For more information on Holiday Safety, please contact the  
Selma Fire Department at 919-965-2697.*
