ARTICLE II POSITION CLASSIFICATION PLAN

I. POLICY:

It is the policy of the Town of Selma to provide a complete inventory of all authorized and permanent positions in the Town service, and an accurate description and specification for each class of employment.

II. PURPOSE:

This policy establishes standardized job titles, each of which is indicative of a definite range of duties and responsibilities.

III. PROVISIONS:

The classification plan shall consist of:

- 1) A grouping of positions in classes which are approximately equal in difficulty and responsibility which call for the same general qualifications, and which can be equitably compensated within the same range of pay under similar working conditions.
- 2) Class titles descriptive of the work of the class.
- 3) Written specifications for each class of positions; and
- 4) An allocation list showing the class title of each position in the classified service.

The classification plan is to be used:

- 1) As a guide in recruiting and examining applicants for employment.

- 3) In determining salary to be paid for various types of work.
- 4) In determining personnel service items in departmental budgets; and
- 5) In providing uniform job terminology

Administration of the Position Classification Plan

The Human Resources Director shall allocate each position covered by the classification plan to its appropriate class and shall be responsible for the administration of the position classification plan. The Human Resources Director shall periodically review positions of the classification plan and recommend appropriate changes to the Town Manager.

Authorization of New Positions and the Position Classification Plan

New positions shall be established upon recommendation of the Town Manager and approved by the Town Council. New positions shall be recommended to the Town Council with a recommended class title, after which the Human Resources Director, with approval of the Town Manager, shall either allocate the new position into the appropriate existing class, or revise the position classification plan to establish a new class to which the new position may be allocated. The position classification plan, along with any new positions or classifications, shall be approved by the Town Council and will be on file with the Human Resources Director. Copies will be available for review to all Town employees upon request.

Request for Reclassification

Any employee who considers the position in which classified to be improper shall submit a request in writing for reclassification to such employee's immediate supervisor, who shall immediately transmit the request through the Department Head to the Human Resources Director. Upon receipt of such request, the Human Resources Director shall study the request, determine the merit of the reclassification, and recommend to the Town Manager and Town Council a revision to the classification and pay plan when necessary.

Policy adopted by Selma Town Council

As of August 10, 2021, this policy replaces and supersedes any previous policies, or unwritten policies or practices covering the same subject.

ARTICLE III PAY PLAN POLICY

I. POLICY:

The pay plan includes the basic salary schedule and the “Assignment of Classes to Grades” adopted by the Town Council. The salary schedule consists of a minimum rate, midpoint, and maximum rate of pay for all classes of positions.

II. PURPOSE:

The pay plan is intended to provide equitable compensation for all positions, reflecting differences in the duties and responsibilities, the comparable rates of pay for positions in private and public employment in the area, changes in the cost of living, the financial conditions of the Town, and other factors. To this end, each budget year the Human Resources Director shall make comparative studies of all factors affecting the level of salary ranges including the consumer price index, anticipated changes in surrounding employer plans, and other relevant factors, and will recommend to the Town Manager such changes in salary ranges that appear to be pertinent. Such changes shall be made in the salary ranges such that the minimum, midpoint, and maximum rates change according to the market and subject to approval by the Town Council

III. PROVISIONS:

Administration and Maintenance

The Town Manager, assisted by the Human Resources Director, shall be responsible for the administration and maintenance of the pay plan. All employees covered by the pay plan shall be paid at a rate listed within the salary range established for the respective position classification, except for employees in trainee status or employees whose existing salaries are above the established maximum rate following transition to the new pay plan.

Periodically, the Town Manager shall recommend that individual salary ranges be studied and adjusted as necessary to maintain market competitiveness. Such adjustments will be made by increasing or decreasing the assigned salary grade for the class and adjusting the rate of pay for employees in the class when the action is approved by the Town Council.

All Town positions, benefits, and funding for salary advancement are subject to budget review and approval each year by the Town Council.

Merit Principle

All appointments and promotions shall be made solely on the basis of merit. All positions requiring the performance of the same duties and fulfillment of the same responsibilities shall be assigned to the same class and the same salary range. No applicant for employment or employee shall be deprived of employment opportunities or otherwise adversely affected as an employee because of such individual's race, color, religion, sex, national origin, marital status, veteran status, political affiliation, non-disqualifying disability, age, or genetic information.

Starting Salaries

All persons employed in positions approved in the position classification plan shall be employed at the minimum salary rate for the classification in which they are employed; however, exceptionally well qualified applicants may be employed above the minimum rate of the established salary range upon recommendation of the Department Head and Human Resources Director and approval of the Town Manager.

Trainee Designation and Provisions

Applicants being considered for employment, or Town employees who do not meet all of the requirements for the position for which they are being considered, may be hired, promoted, demoted, or transferred by the Town Manager to a "trainee" status. In such cases, a plan for training, including a time schedule, must be prepared by the Department Head.

"Trainee" salaries shall be no more than two salary grades below the minimum salary rate established for the position for which the person is being trained. A new employee designated as "trainee" shall be regarded as being in a probationary period. However, probationary periods shall be no less than six months and trainee periods may extend up to 18 months. A trainee shall remain a probationary employee until the trainee period is satisfactorily completed.

If the training is not successfully completed to the satisfaction of the Town Manager, the trainee shall be transferred, demoted, or dismissed. If the training is successfully completed, the employee shall be paid at least at the minimum rate established for the position for which the employee was trained.

Probationary Pay Increases

Subject to the availability of funds, Employees hired at the minimum rate may receive a probationary increase upon successful completion of the probationary period or upon six months of satisfactory service if the employee is not on probation. This provision is subject to availability of funds and Department Head recommendation at hire.

Employees serving a twelve-month probationary period will be considered for this increase after six months of employment; employees with a twelve-month probationary period who receive an increase at the six-month review will not be eligible for an increase at the end of the twelve-month probationary period. Employees hired or promoted at or above 5% of the minimum of the salary range are not eligible for a probationary increase.

Performance Pay

Upward movement within the established salary range for an employee is not automatic, but rather based upon specific performance-related criteria. Procedures for determining performance levels and performance pay increases or other performance-related movement within the range shall be established in procedures approved by the Town Manager.

Performance Pay Bonus

Employees who are at the maximum amount of the salary range for their position classification are eligible to be considered for a performance pay bonus at their regular performance evaluation time. Performance pay bonuses shall be awarded based upon the performance of the employee as described in the performance evaluation and in the same amounts as employees who are within the salary range. Performance pay bonuses shall be awarded in lump sum payments and do not become part of base pay.

IV. Salary Effect of Promotions, Demotions, Transfers, and Reclassifications

Promotions

The purpose of the promotion pay increase is to recognize and compensate the employee for taking on increased responsibility. When an employee is promoted, the employee's salary shall normally be advanced to the hiring rate of the new position, or to a salary which provides an increase of at least 5% over the employee's salary before the promotion, whichever is greater. In the event of highly skilled and qualified employees, shortage of qualified applicants, or other reasons related to the merit principle of employment, the Town Manager may set the salary at an appropriate rate in the range of the position to which the employee is promoted that best reflects the employee's qualifications for the job and relative worth to the Town, taking into account the range of the position and relative qualifications of other employees in the same classification. In no event, however, shall the new salary exceed the maximum rate of the new salary range. In setting the promotion salary, the Town Manager shall consider internal comparisons with other employees in the same or similar jobs.

Demotions

Demotion is the movement of an employee from one position to a position in a class assigned to a lower salary range. When an employee is demoted to a position for which qualified, the salary shall be set at the rate in the lower pay range which provides a salary commensurate with the employee's qualifications to perform the job and consistent with the placement of other employees within the same classification in that salary range. If the current salary is within the new range, the employee's salary may be retained at the previous rate if appropriate. If the demotion is the result of discipline, the salary shall be decreased at least 5%. Salaries of demoted employees may not be greater than the maximum of the new range.

Transfers

The salary of an employee reassigned to a position in the same class or to a position in a different class within the same salary range shall not be changed by the reassignment.

Reclassifications

An employee whose position is reclassified to a class having a higher salary range, shall receive a pay increase of 5% or an increase to the hiring rate of the new pay range, whichever is higher. If the position is reclassified to a lower pay range, the employee's salary shall remain the same. If the employee's salary is above the maximum established for the new range, the salary of that employee shall be maintained at the current level until the range is increased above the employee's salary.

V. Salary Effect of Salary Range Revisions

When an individual class of positions is assigned to a higher salary range, employees in that class shall normally receive a pay increase of 5%, or to the minimum rate of the new range, whichever is higher. When a class of positions is assigned to a lower salary range, the salaries of employees in that class will remain unchanged. If this assignment to a lower salary range results in an employee being paid at a rate above the maximum rate established for the class, the salary of that employee shall be maintained at that level until such time as the employee's salary range is increased above the employee's current salary.

VI. Transition to a New Salary Plan

The following principles shall govern the transition to a new salary plan:

- 1) No employee shall receive a salary reduction as a result of the transition to a new salary plan.
- 2) All employees being paid at a rate lower than the hiring rate established for their respective classes shall have their salaries raised at least to the new hiring rate for their classes.
- 3) All employees being paid at a rate below the maximum rate established for their respective classes shall be paid at a rate within the salary schedule.
- 4) All employees being paid at a rate above the maximum rate established for their respective classes shall have their salaries maintained at that salary level with no increases until such time as the employee's salary range is increased above the employee's current salary.

VII. Effective Date of Salary Changes

Salary changes approved after the first working day of a pay period shall become effective at the beginning of the next pay period, or at such specific date as may be provided by procedures approved by the Town Manager.

VIII. Payroll Deductions

Deductions shall be made from each employee's salary as required by law. Additional deductions may be made for insurance or for other reasons as authorized by the Town Manager, considering the capability of the payroll system, associated increase in workload, and appropriateness of the deduction.

IX. Hourly Rate of Pay

Employees working in a part-time or temporary capacity with the same duties as full-time employees will normally work at a rate in the same salary range as the full-time employees.

The hourly rate for employees working other than 40 hours per week, such as police officers and firefighters working more than a 40-hour work week will be determined by dividing the average number of hours scheduled per year into the annual salary for the position.

X. Pay for Interim Assignments in a Higher-Level Classification

An employee who is formally designated, for a period of at least one month, by the Town Manager to perform the duties of a job that is assigned to a higher salary grade than that of the employee's regular classification shall normally receive an increase for the duration of the interim assignment. The employee shall receive a salary adjustment to the minimum level of the job in which the employee is acting or an increase of 5%, whichever is greater. Criteria involved in determining the amount of the compensation will include:

- 1) The difference between the existing job and that being filled on a temporary basis, and
- 2) The degree to which the employee is expected to fulfill all the duties of the temporary assignment.

The salary increase shall be temporary and upon completion of the assignment, the employee shall go back to the salary he or she would have had if not assigned in the interim role, taking into account any increase the employee would have received if not placed in the interim role.

XI. Certification Increases

The Town Manager will create a schedule of salary increases to reward employees for attaining and maintaining certifications that increase the employee's value to the Town. This may be in the form of a percentage increase or a one-time payment, depending on the departmental budget. However, it is not guaranteed.

Policy adopted by Selma Town Council

Effective Date: November 14, 2000

Amended August 11, 2015

Amended July 10, 2018

As of August 10, 2021, this policy replaces and supersedes any previous policies, or unwritten policies or practices covering the same subject.

ARTICLE IV

RECRUITMENT AND EMPLOYMENT POLICY

I. POLICY: Equal Employment Opportunity Policy

It is the policy of the Town of Selma to foster, maintain, and promote equal employment opportunity. The Town shall select employees on the basis of the applicant's qualifications for the job and award them with respect to compensation and opportunity for training and advancement, including upgrading and promotion, without regard to age, sex, race, color, religion, national origin, disability, political affiliation, marital status, veteran status, or genetic information. Applicants with physical disabilities shall be given equal consideration with other applicants for positions in which their disabilities do not represent an unreasonable barrier to satisfactory performance of essential duties with or without reasonable accommodation.

II. PURPOSE:

It is a violation of Town policy to retaliate in any way against an employee who assists, participates in, or supports this policy, or anyone making a bona-fide complaint under this policy or who participates or assists in any EEOC, OSHA, or other internal or external processes protected by law.

III. PROVISIONS:

The Human Resources Director and all personnel responsible for recruitment and employment will continue to review regularly the implementation of this Personnel Policy and relevant practices to assure that equal employment opportunity based on reasonable job-related requirements is being actively observed to the end that no employee or applicant for employment shall suffer discrimination because of age, sex, race, color, religion, disability, national origin, political affiliation, marital status, or genetic information. Notices with regard to equal employment matters shall be posted in conspicuous places on Town premises in places where notices are customarily posted.

IV. RECRUITMENT, SELECTION AND APPOINTMENT

Recruitment Sources

When position vacancies occur, the Human Resources Department shall publicize these opportunities for employment, including applicable salary information and employment qualifications. Information on job openings and hiring practices will be provided to recruitment sources, including organizations and news media available to minority applicants. In addition, notice of vacancies shall be posted at designated conspicuous sites within Town Buildings in order that qualified employees and other interested candidates may apply for vacant positions. Individuals shall be recruited from a geographic area as wide as necessary to ensure that well-qualified applicants are obtained for Town service. Equally qualified internal applicants may be given first priority for the position. In rare situations, because of emergency conditions, high turnover, etc., the Town may hire or promote without advertising jobs upon approval of the Town Manager.

Job Advertisements

When a vacancy occurs and the Department Head and the Human Resources Director believe that current employees are or may be qualified for the position(s), the job(s) will be posted internally. In the event that there are no qualified employees for the position, jobs will be advertised in local newspapers, professional publications, and other relevant publications in order to establish a diverse and qualified applicant pool. Employment advertisements shall contain assurances of equal employment opportunity and shall comply with Federal and State statutes.

Application for Employment

All persons expressing interest in employment with the Town shall be given the opportunity to file an application for employment for positions which are vacant. The Town accepts applications only for vacant advertised positions. Applications will be received by the Human Resources Director who will pre-screen applications for minimum qualifications.

Application Reserve file

Applications shall be kept in an inactive reserve file for a period of two years, in accordance with Equal Employment Opportunity Commission guidelines.

Selection

Department Heads, with the assistance of the Human Resources Director, shall make such investigations and conduct such examinations as necessary to assess accurately the knowledge, skills, experience, and qualifications required for the position, including criminal history. All selection devices administered by the Town shall be valid measures of job performance.

References and Background Investigations

Before any commitment is made to an applicant, the Town will conduct reference checks regarding the employee's qualifications and work performance. In addition, physical examinations, drug screening and criminal background investigations, and driver's license check, may be performed. Convictions of a crime is not automatically disqualifying. The Town will consider the severity of the crime, degree to which the crime is related to the job for which the applicant is being considered, and length of time since the conviction to determine the degree to which there is a business necessity for choosing not to hire the applicant. The Town shall rescind any offer of employment to any applicant who refuses to (1) take a drug screen or physical exam, (2) has a positive drug screen, urinalysis, or blood test and/or (3) if the physical exam indicates that the candidate is unable to perform the essential functions of the position, and/or (4) unacceptable driver's license check and/or criminal history check results.

Appointment

Before any commitment is made to an applicant either internal or external, the Department Head and the Human Resources Director shall make recommendations to the Town Manager with a recommendation of the position to be filled, the salary to be paid, and the reasons for selecting the candidate over other candidates. The Town Manager shall approve or disapprove appointments and the starting salary for all applicants.

V. PROBATIONARY PERIOD

An employee appointed or promoted to a permanent position shall serve a probationary period. Employees shall serve a six (6) month probationary period, except that sworn police personnel shall serve a twelve-month probationary period. During the probationary period, supervisors shall monitor an employee's performance and communicate with the employee concerning performance progress. There are no automatic increases in salary for the employee at the end of a successfully completed probationary period.

Employees serving a probationary period are not eligible to apply for other positions within the Town until they have successfully completed the probationary period evaluation and six months as a full-time employee. If it is in the best interest of the Town, this time period may be waived by approval of the Town Manager.

Before the end of the probationary period, the supervisor shall conduct a performance evaluation conference with the employee and discuss accomplishments, strengths, and needed improvements. A summary of this discussion should be documented in the employee's personnel file. The supervisor shall recommend in writing whether the probationary period should be completed, extended, or the employee transferred, demoted, or dismissed. Probationary periods may be extended for a maximum of six (6) additional months.

Disciplinary actions, including demotion and dismissal, may be taken at any time during the probationary period of a new hire without following the steps outlined in this policy. A promoted employee who does not successfully complete the probationary period may be transferred or demoted to a position in which the employee shows promise of success. If not such position is available, the employee shall be dismissed. Promoted and demoted employees who are on probation retain all other rights and benefits such as the rights and benefits such as the right to use of the grievance procedures.

A promoted employee who does not successfully complete the probationary period may be transferred or demoted to a position in which the employee shows promise of success. If not such position is available, the employee shall be dismissed. Promoted and demoted employees who are on probation retain all other rights and benefits.

VI. PROMOTION

Promotion is the movement of an employee from one position to a vacant position in a class assigned to a higher salary range. It is the Town's policy to create career opportunities for its employees whenever possible. Therefore, when a current employee applying for a vacant position is best suited of all applicants, that applicant shall be appointed to that position. The Town will balance three goals in the employment process:

- 1) The benefits to employees and the organization of promotion from within.
- 2) Providing equal employment opportunity and a diversified workforce to the community; and
- 3) Obtaining the best possible employee who will provide the most productivity in that position.

Therefore, except in rare situations where previous Town experience is essential (such as promotions to Police Sergeant), or exceptional qualifications of an internal candidate so indicate, the Town will conduct an open recruitment process and consider external and internal candidates rather than automatically promoting from within. Candidates for promotion shall be chosen on the basis of their qualifications and their work records. Internal candidates shall apply for promotions using the same application process as external candidates.

VII. DEMOTION

Demotion is the movement of an employee from one position to a position in a class assigned to a lower salary range. Demotion may be voluntary or involuntary. An employee whose work or conduct in the current position is unsatisfactory may be demoted provided that the employee shows promise of becoming a satisfactory employee in the lower position. Such disciplinary demotion shall follow the disciplinary procedures outlined in this Policy.

An employee who wishes to accept a position with less complex duties and reduced responsibilities may request a demotion. A voluntary demotion is not a disciplinary action and is made without using the above-referenced disciplinary procedures.

VII. TRANSFER

Transfer is the movement of an employee from one position to a position in a class in the same salary range. If a vacancy occurs and an employee in another department is eligible for a transfer, the employee shall apply for the transfer using the standard application process. A Department Head wishing to transfer an employee to a different department or classification shall make a recommendation through the Human Resources Director to the Town Manager with the consent of the receiving Department Head. Any employee transferred without requesting the action may appeal the action in accordance with the grievance procedure outlined in this Policy. Notwithstanding the employee's right to file a grievance, the Town reserves the right to transfer employees either temporarily or permanently when doing so will serve the Town's best interest.

An employee who has successfully completed a probationary period may be transferred into the same classification without serving another probationary period.

November 14, 2000
Amended August 11, 2015

As of August 10, 2021, this policy replaces and supersedes any previous policies, or unwritten policies or practices covering the same subject.

ARTICLE V CONDITIONS OF EMPLOYMENT

I. POLICY:

II. PROVISIONS:

- A. **Political Activity:** Each employee has a civic responsibility to support good government by every available means and in every appropriate manner. Each employee may join or affiliate with civic organizations of a partisan or political nature, may attend political meetings, may advocate, and support the principles or policies of civic or political organizations in accordance with the Constitution and laws of the United States and the State of North Carolina. However, no employee shall:

 6. Be a candidate for nomination or election to office under the Town Charter.

Any violation of this section shall subject the employee to disciplinary action including dismissal.

All outside employment for salaries, wages or commissions and all self-employments must be reported in writing in advance to the employee's supervisor, who in turn, will report it to the Department Head. The Department Head will review such employment for possible conflict of interest and then submit a record of the employment to the Town Manager for review and approval. Conflicting and/or unreported outside employment are grounds for disciplinary action up to and including dismissal. Documentation of the approval of outside employment will be placed in the employee's personnel file.

Examples of conflicts of interest in outside employment include, but are not limited to:

- C. **Dual Employment:** The Town prohibits any employee from holding more than one position with the Town if the combined positions will result in the employee working more than 40 hours per week in any week of the year unless approved by the Town Manager. The Town will consult FLSA regulations in all dual employment cases to ensure that the regulations are followed.
- D. **Employment of Relatives:** The Town prohibits the hiring and employment of immediate family in full or part-time positions within the same work unit if such employment would result in one family member supervising another or if one member will occupy a position of influence over another member's employment or any condition of employment. Examples of potential influence include but are not limited to hiring, promotions, salary administration, and disciplinary action.

Immediate family shall be defined as spouse, child, parent, sibling, grandparent, grandchild, aunt, and uncle to include in-law, step, and half relationships. This definition also includes individuals living in the same household who share a relationship comparable to immediate family members.

The Town also prohibits the employment of any person into a position who is an immediate family member of individuals holding the following positions: Mayor, Town Council Member, Town Manager, Finance Director, Human Resources Director, or Town Attorney. Otherwise, the Town will consider employing family members or related persons in the service of the Town, provided that such employment does not:

1. Result in a relative supervising relative.
2. Result in a relative auditing the work of a relative.
3. Create a conflict of interest with either the relative and the Town; or
4. Create the potential or perception of favoritism.

This provision shall not apply retroactively to anyone employed when the provision was adopted by the Town.

Full-time employees may, if they so desire, purchase available group health and dental coverage through the Town for qualified dependents within the stipulations of the insurance contract. All employees of the Town (full-time, part-time, seasonal, and temporary) are covered by the North Carolina Workers' Compensation Act and are required to report all injuries arising out of and in the course of their employment to their immediate supervisors at the time of the injury in order that appropriate action may be taken at once.

Responsibility for claiming compensation under the Workers' Compensation Act is on the injured employee, and such claims must be filed by the employee with the North Carolina Industrial Commission within two years from the date of injury. The Department Head and the Human Resources Manager will assist the employee in filing the claim.

Pursuant to a declaration invoking Section 304 of the Homeland Security Act, this provision will also apply to reactions to smallpox vaccinations administered to Town employees under the Homeland Security Act. Such reactions shall be treated the same as any other Workers' Compensation claim.

IX. UNEMPLOYMENT COMPENSATION:

Local governments are covered by unemployment insurance. Town employees who are terminated due to a reduction in force or released from Town service may apply for benefits through the local Division of Employment Security office.

X. LAW ENFORCEMENT SEPARATION ALLOWANCE

Every sworn law enforcement officer, as defined by N.C. Gen. Statute §128-21(11b) or N.C. Gen. Statute §143-166.50, shall be eligible for a separation allowance, as provided by N.C. Gen. Statute §143-166.42, in the amount specified in N.C. Gen. Statute §143-166.41(a).

Currently the law enforcement separation allowance is *"equal to eighty-five hundredths' percent (0.85%) of the annual equivalent of the base rate of compensation most recently applicable to the officer for each year of creditable service."* The Town will pay this benefit on a monthly basis through payroll.

Eligibility and continuation of these benefits are subject to the following conditions:

- 4) The law enforcement officer, after separation from Town employment, notifies the Town of any new employment involving local law enforcement duties. Such notification shall include the nature and extent of the employment, and any change of employment status.

Payment of separation allowance benefits to a retired officer shall cease at the first of:

- 1) The death of the officer.
- 2) The last day of the month in which the officer attains 62 years of age; or
- 3) The first day of re-employment in any position in any local government in North Carolina.

The Town may employ retired officers in a public safety position in a capacity not requiring participation in the Local Governmental Employees' Retirement System and doing so shall not cause payment to cease to those officers under these benefits. Participation in the retirement system is required by anyone scheduled to work 1000 hours or more per year.

Should the separation allowance for law enforcement officers, now required by law, be rescinded, this separation allowance shall be rescinded at the same time.

- Good Friday
- Memorial Day
- Independence Day
- Labor Day
- Veterans' Day
- Thanksgiving Day and Friday after Thanksgiving
- Christmas – three days (in accordance the State of North Carolina Holiday Schedule as published by the Office of State Personnel).

In order to receive a paid holiday, an employee must have worked the day before and the day after the holiday(s) or have been given approved paid leave.

Employees wishing to schedule time off for religious observances, other than those observed by the Town, may request vacation leave from their respective Department Head. The Department Head will attempt to arrange the work schedule so that an employee may be granted vacation leave for the religious observance. Vacation leave for religious observances may be denied only when granting leave would create an undue hardship for the Town.

III. HOLIDAYS; EFFECTS ON OTHER TYPES OF LEAVE:

Regular holidays which occur during a vacation, sick, or other leave period of any employee shall not be considered as vacation, sick, or other leave.

IV. HOLIDAYS: COMPENSATION WHEN WORK IS REQUIRED OR REGULARLY SCHEDULED OFF FOR PUBLIC SAFETY PERSONNEL:

Public Safety employees on shift will receive holiday pay equivalent to 8.4 hours for Police and 8.8 hours for Firefighters to be paid in addition to their hours worked for the pay period. Public Safety employees

who are scheduled off on a Town observed Holiday, will receive holiday pay equivalent to 8.4 hours for Police and 8.8 hours for Firefighters. For Public Safety employees who are scheduled to work 80 hours and take the holiday, this would not be applicable.

V. HOLIDAY WEEK PAY:

Holiday Week Pay will be paid to Non-Public Safety employees who work more than the scheduled hours during a week in which the town of Selma observes a paid holiday(s). Holiday Week Pay applies to employees who are on-call and get called out during a week in which a paid holiday(s) occurs. Holiday Week Pay will be at the rate of one-and-one half the employees' regular rate of pay.

VI. VACATION LEAVE:

Vacation is a privilege granted to employees by the Town. Vacation leave is intended to be used for rest and relaxation, school appointments, and other personal needs. Vacation should be requested in advance in methods determined by the supervisor and approved by the Department Head.

Vacation leave may also be used by employees who wish to observe religious holidays other than those granted by the Town. Employees who wish to use leave for religious observances must request leave from their respective Department Heads. The Department Head will attempt to arrange the work schedule so that an employee may be granted vacation leave for the religious observance. Vacation leave for religious observance may be denied only when granting the leave would create an undue hardship for the Town.

Vacation leave can be taken in increments of one hour.

VII. VACATION LEAVE: USE BY PROBATIONARY EMPLOYEES:

Employees serving a probationary period following initial employment begin accruing vacation leave after 30 days of employment but shall not be permitted to take vacation leave during the first six months of employment unless approved by the Town Manager. A probationary employee who is dismissed during the probationary period will not be eligible for termination pay for any accumulated vacation leave.

VIII. VACATION LEAVE ACCRUAL RATE:

Each full-time employee of the Town shall earn vacation leave at the following schedule, respectively, prorated by the average number of hours scheduled in the work week:

General Employees and Police and Fire Employees assigned to a 40 hour per week schedule:

Years of Service	Vacation Hours
	Accrued Per Month

11 years - 15 years	13.20
16 years or more	14.40

IX. VACATION LEAVE MAXIMUM ACCUMULATION:

The maximum vacation leave that may be accumulated shall be 240 hours as of the end of each calendar year. On December 31st of each year, any employee with more than 240 hours of accumulated vacation leave shall have the excess accumulation of vacation leave converted to sick leave.

Employees are cautioned not to retain excess accumulated vacation leave until late in the calendar year. Because of the necessity to keep all functions in operation, large numbers of employees cannot be granted vacation leave at any one time. If an employee has excess vacation leave accumulation during the latter part of the year and is unable to take such leave because of staffing demands, the employee shall receive no special consideration either in having vacation leave scheduled or in receiving any exception to the maximum accumulation.

X. VACATION LEAVE MANNER TAKING:

Employees shall be granted the use of accrued vacation leave upon request in advance at those times designated by the Department Head which will least obstruct normal operations of the Town. Department Heads are responsible for ensuring that approved vacation leave does not hinder the effectiveness of service delivery.

XI. VACATION LEAVE PAYMENT UPON SEPARATION:

An employee who has successfully completed six months of the probationary period will normally be paid for accumulated vacation leave upon separation, not to exceed 240 hours, provided notice is given to the supervisor at least two weeks in advance of the effective date of resignation and thirty days for Department Heads.

Any employee failing to give the notice required by this section shall forfeit payment for accumulated leave. The notice requirement may be waived by the Town Manager when deemed to be in the best interest of the Town.

Employees who are involuntarily separated shall receive payment for accumulated vacation leave not to exceed 240 hours. At the discretion of the Town Manager, employees dismissed for serious violations of personal or criminal conduct may be determined ineligible to receive vacation pay. At the time of separation any vacation time that exceeds 240 hours, if not taken prior to separation, may be rolled into Sick Leave for purposes of retirement under the North Carolina State Employees' or Local Government Employees' Retirement Systems.

XII. VACATION LEAVE PAYMENT UPON DEATH:

The estate of an employee who dies while employed by the Town shall be entitled to payment of all the accumulated vacation leave credited to the employee's account not to exceed the maximum established in Section 8 of this Article.

XIII. SICK LEAVE

Sick Leave with pay is a privilege granted to employees by the Town Council, not a right, and may be used only for the purposes described in this Policy. Abuse of sick leave privileges will subject the employee to disciplinary action.

Sick leave will accrue during the probationary period but may not be used except with the approval of the Town Manager when inability to use sick leave would be considered an unusual hardship. Sick Leave may be used for the following reasons: sickness, non-job-related bodily injury, required physical or dental examinations or treatment, or exposure to a contagious disease when continuing work might jeopardize the health of others.

Sick leave also may be used when an employee must care for a member of his or her immediate family who is ill. For the purposes of this benefit, immediate family is defined as spouse, child, parents of employee or spouse, grandparent, grandchild, brother or sister, or someone living in the home or in-law or step relations of the same. Sick leave may not be used to care for a healthy child.

Sick leave may also be used to supplement worker's compensation disability leave for the seven-day waiting period before worker's compensation benefits begin.

Notification of the desire to take sick leave should be submitted to the employee's supervisor prior to the leave or according to departmental procedures.

XIV. SICK LEAVE ACCRUAL RATE, ACCUMULATION, AND MANNER OF TAKING:

Sick leave shall accrue at a rate of one day per month of service or twelve days per year for all employees assigned to a 40 hour per week schedule; 8.4 hours per month for Police Officers assigned to a 42.88-hour schedule; and 8.8 hours per month for Firefighters assigned to a 54-hour schedule.

Notification of the desire to take sick leave should be submitted to the employee's supervisor prior to the leave. Failure to so notify the appropriate **supervisor within** an appropriate time frame may result in the request being denied and/or disciplinary action.

Sick leave can be taken in increments of one hour.

Sick leave will be cumulative for an indefinite period of time and may be converted upon retirement for service credit consistent with the provisions of the North Carolina Local Government Employees' Retirement System.

All sick leave accumulated by an employee shall end and terminate without compensation when the employee resigns or is separated from the Town, except as stated for employees retiring or terminated due to reduction in force or sick leave incentive pay."

XV. TRANSFER OF SICK LEAVE FROM PREVIOUS EMPLOYER:

The Town will accept sick leave balances when documented by a previous employer when the employee worked for a previous employer covered by the North Carolina State Employees' or Local Government Employees' Retirement Systems and the employee did not withdraw accumulated retirement contributions from that employer when leaving employment.

The sick leave will be treated as though it were earned with the Town of Selma and may be used as any other accrued sick leave by the employee. The sick leave amount must be certified by the previous employer, and it is the employee's responsibility to provide documentation from his or her previous employer within three (3) months of employment. Transferred sick leave will be credited to the employee upon successful completion of the six months of employment.

XVI. SICK LEAVE MEDICAL CERTIFICATION:

The employee's supervisor or Department Head may require a physician's certificate certifying the employee's or employee's family member's illness and the employee's capacity to resume duties, for each

occasion on which an employee uses sick leave or whenever the supervisor observes a "pattern of absenteeism." The employee may be required to submit to such medical examination or inquiry as the Department Head deems desirable. The Department Head shall be responsible for the application of this provision to the end that:

- 1) Employees shall not be on duty when they might endanger their health or the health of other employees; and
- 2) There will be no abuse of leave privileges.

Claiming sick leave under false pretenses to obtain a day off with pay shall subject the employee to disciplinary action up to and including dismissal.

XVII. FUNERAL LEAVE

An employee may have up to three days at full pay granted in case of death in the immediate family. For the purposes of this benefit, immediate family is defined as spouse, child, parents of employee or spouse, grandparent, grandchild, brother or sister, or someone living in the home or in-law or step relations of same. Additional time or time to attend funerals of other family members may be charged to vacation leave, compensatory time, or leave without pay.

In the case of the death of an Employee, a current or former Mayor, Councilmember, a Retired Employee, or the immediate family member of an existing Employee (as defined in the above paragraph), the Town will send flowers/plant.

XVIII. CIVIL LEAVE:

A full-time Town employee called for jury duty or as a court witness for the federal or state governments, or a subdivision thereof, shall receive leave with pay for such duty during the required absence without charge to accumulated leave. The employee may keep fees and travel allowances received for jury or witness duty in addition to regular compensation; except, that employees must turn over to the Town any witness fees or travel allowance awarded by that court for court appearances in connection with official duties. While on civil leave, benefits and leave shall accrue as though on regular duty.

XIX. PARENTAL SCHOOL LEAVE:

A Town employee who is a parent, guardian, or person standing *in loco parentis* (in place of the parent) may take up to four hours of unpaid leave annually to involve him or herself in school activities of his or her child(ren). This leave is subject to the three following conditions:

- 1) The leave must be taken at a time mutually agreed upon by the employee and the Town.
- 2) The Town may require the employee to request the leave in writing at least 48 hours prior to the time

of the desired leave; and

- 3) The Town may require written verification from the child's school that the employee was involved at the school during the leave time.

Paid leave (vacation time) taken by a full-time employee to attend to school activities of his or her child shall count toward the fulfillment of this provision by the Town.

XX. BIRTHDAY LEAVE

All full-time employees, in a budgeted position after one year of employment with the Town of Selma, are eligible for one day of paid birthday leave per year. The day birthday leave is taken must be approved in advance by the department head and must be taken in the month in which the employee's birthday occurs but does not have to be taken on the actual birth date. The leave must be taken on a scheduled workday and recorded as birthday leave on the time sheet submitted to payroll. The employee must be in a pay status (cannot be on any form of leave without pay) on the day before and the day after leave is taken. The time off cannot be taken before or after an observed Town employee holiday. Birthday time off does not count towards hours worked for the computation of overtime pay and will be paid as regular pay. Birthday leave is not compensable upon termination and cannot be transferred, banked, or carried over to another month. Birthday leave cannot be divided into hourly increments or half days but must be used in full on the day approved. If birthday leave is not used within the appropriate time frame and in accordance with these guidelines, it will be forfeited.

ARTICLE IX

FAIR LABOR STANDARDS ACT AND OVERTIME POLICY

I. POLICY:

It is the policy of the Town of Selma to abide by all applicable sections of the Fair Labor Standards Act along with the Fair Labor Standards Amendments of 1985. Under such implementation, the Town of Selma will properly record all applicable overtime accrued for each covered employee.

II. PROVISIONS:

This policy shall be applicable to all employees of the Town of Selma who are covered under FLSA provisions to the extent applicable to the Town of Selma.

Employees of the Town are expected to work during all assigned periods exclusive of bona fide breaks, mealtimes, or unscheduled hours, unless they receive approval from their immediate Supervisors. Employees can be requested, and may be required, to work in excess of their regularly scheduled hours as necessitated by the needs of the Town and determined by the Department Head. Overtime work should normally be approved in advance by the Department Head, Town Manager, or other designee.

To the extent that local government jurisdictions are so required, the Town will comply with the Fair Labor Standards Act (FLSA). The Human Resources Director shall determine and recommend to the Town Manager which jobs are "non-exempt" and are therefore subject to FLSA in areas such as hours of work and work periods, rates of overtime compensation, and other provisions.

Non-Exempt Employees. Employees are expected to work during all assigned periods, exclusive of breaks or mealtimes. Employees are not to perform work at any time that they are not scheduled to work, unless they receive approval from their Department Head or supervisor, or except in cases of emergency.

Non-exempt employees will be paid at a straight time rate for hours up to the FLSA established limit for their position (usually 40 hours in a 7-day period; 147 hours in a 24-day work period for law enforcement; 212 hours in a 28-day work period for firefighters). Hours worked beyond the FLSA established limit will be compensated at a rate of one and one-half the employee's regular rate of pay for each hour over (40) in any given workweek by non-exempt employees.

In determining eligibility for overtime in a work period, only hours actually worked shall be considered; in no event will vacation, sick leave, holidays, or administrative leave be included in the computation of hours worked for FLSA purposes. "Overtime" is a term of art under the FLSA and may only be used to designate time-and-one-half of the employee's regular rate of pay when they have physically worked more than 40 hours in a workweek.

The Selma Fire Department will operate under a sleep time agreement between the employer and all employees working a regularly scheduled 24-hour shift as outlined in the United States Department of Labor Fair Labor and Standards Act 29 C.F.R. Special "7(k) Work Periods".

All employees of the Selma Fire Department will be paid at their agreed upon hourly rate for the hours between 7 am and 11 pm. The hours between 11 pm and 7 am will be deemed Sleep Time. Only the hours from 7 am – 11 pm shall be logged on time sheets. Shift personnel will be guaranteed 5 hours of

sleep time each night but not necessarily consecutive hours. All time that sleep is interrupted during the sleep time period, or any other work performed outside of the normal shift, will be recorded on the biweekly time sheet. When 5 hours of sleep is not available, then all 8 hours of the sleep time will be recorded. Payroll will keep a log of all hours. At the end of the 28 day pay period, if hours worked are over 212, then all hours will be paid. Any hours in excess of 212 hours will be paid at the overtime rate of the employee.

Whenever practical, departments will schedule time off on an hour-for-hour basis within the applicable work period for non-exempt employees, instead of paying overtime. When time off within the work period cannot be granted, overtime worked will be compensated in accordance with FLSA.

Compensatory leave balances may not exceed 240 hours except for public safety employees who may not accrue more than 480 hours. Any overtime worked after such maximum balances must be compensated in pay.

In emergency conditions, when long and continuous work is required over multiple days, the Town Manager may approve special overtime compensation.

Exempt Employees. Employees in positions determined to be “exempt” from the FLSA (as Executive, Administrative or Professional staff) are paid on a salary basis and will not receive pay for hours worked in excess of their normal work periods. Exempt employees may not accumulate compensatory time. Exempt employees may be granted personal time off during business hours when it is appropriate and when their duties allow, per prior approval from the Town Manager or respective Supervisor. Said personal time off is not considered vacation, neither is it to be considered as compensatory time for time spent by Employee in carrying out his/her duties outside of normal office hours. The Town Manager or respective Supervisor will consider Employee’s use of personal time off during his/her performance evaluation.

In declared disaster or emergency situations requiring long and continuous hours of work, exempt employees may be compensated at a rate of up to time and one half and/or be granted time off with pay for rest and recuperation to ensure safe working conditions for the duration of the emergency period, when authorized by the Town Manager or Town Council.

Cemetery Employees. Due to the scheduling of funeral services on the weekend and holidays, employees are required to be available to work during these times. Employees will work a rotating schedule to cover all obligations consistent with funeral preparation.

Cemetery Employees who are required to work on the weekend or a holiday to cover such events will receive compensation for hours worked at the FLSA rate. The Department Head is required to administer all leave.

FAMILY AND MEDICAL LEAVE ACT POLICY (FMLA)

I. POLICY:

The Town will grant up to 12 weeks of family and medical leave per twelve months to eligible employees in accordance with the Family and Medical Leave Act of 1993 (FMLA). The leave may be paid (coordinated with the Town's Vacation and Sick Leave policies), unpaid, or a combination of paid and unpaid. A paid leave will be approved on a case-by-case basis by the Town Manager. Earned compensatory time may also be used during FMLA leave. Additional time away from the job beyond the 12-week period may be approved on a case-by-case basis by the Town Manager.

To qualify for FMLA coverage, the employee must have worked for the employer 12 months or 52 weeks; these do not have to be consecutive. However, the employee must have worked 1,250 hours during the twelve-month period immediately before the date when the FMLA time begins.

Family and medical leave can be used for the following reasons:

- 1) The birth of a child and in order to care for that child.
- 2) The placement of a child for adoption or foster care.
- 1) To care for a spouse, child, or parent with a serious health condition.
- 2) The serious health condition of the employee; or
- 3) Military exigency.

A serious health condition is defined as a condition which requires inpatient care at a hospital, hospice, or residential medical care facility, or a condition which requires continuing care by a licensed health care provider. This policy covers illness of a serious and long-term nature resulting in recurring intermittent or lengthy absences. Generally, a chronic or long-term health condition which results in a period of incapacity for more than three days would be considered a serious health condition.

If a husband and wife both work for the Town and each wish to take leave for the birth of a child, adoption, or placement of a child in foster care, or to care for a parent (not parent-in-law) with a serious health condition, the husband and wife together may only take a total of 12 weeks leave under FMLA.

An employee taking leave for the birth of a child may use paid sick leave for the period of actual disability, based on medical certification. The employee shall then use all paid vacation, accrued compensatory time, and leave without pay for the remainder of the 12-week period.

Employee Responsibility

- (1) The employee shall apply in writing to his/her department head, unless an emergency situation arises, for leave requested under this policy. The department head shall forward the request to the Town Manager for approval. The guidelines for employee responsibility are as follows:

Planned Medical Treatment - When there is a necessity for leave to care for the employee's child, spouse, or parent or because the employee has a serious health condition, the employee must make a reasonable effort to schedule the treatment so as not to unduly disrupt operations, subject to the approval of the employee's health care provider or the health care provider of the employee's child, spouse, or parent. The employee must also give 30 days' written notice of the intention to take leave, subject to the actual date of the treatment. If the reasons for the employee's planned medical treatment do not allow 30 days written notice of the intention to take FMLA leave, the employee should provide such notice as soon as possible. Failure to provide proper notice and/or proper certification and documentation may result in denial or delay of the leave request.

- (2) Paid leave will be taken by exhausting all sick leave, then vacation leave or vacation leave with short-term disability (STD). Use of vacation leave with STD will be approved on a case-by-case basis.
- (3) After the period of leave, pursuant to this policy, if the employee does not intend to return to work, the Town should be notified immediately. Failure to report at the expiration of the leave, unless an extension has been requested and approved, shall be considered a resignation.

"Military Exigency" is a qualifying exigency arising out of the fact that the employee's spouse, son, daughter, or parent is a military service member (reserve or National Guard) under a call or order to federal active duty in support of a contingency operation. Qualifying events are:

- 1) Deployment of service member with seven or fewer days' notice.
- 2) Military ceremonies and events such as family-assistance or informational programs related to the family member's active duty or call to active duty.
- 3) Urgent, immediate childcare or arranging for alternative childcare for the children of service members.
- 4) Attending school or daycare meetings relating to the child of the service member.
- 5) Making financial or legal arrangements related to a family member's active-duty status or call to active duty.
- 4) Taking up to five days leave to spend with a covered military member who is on short-term temporary rest and recuperation leave during deployment.

- 5) Attending counseling provided by someone other than a health provider for oneself, the covered military member, or the child of the military member, the need for which arises from the active-duty service or call to active-duty status or the covered military member; or
- 6) Post-deployment activities for a period of ninety days after the termination of the service member's active-duty status.

Military Caregiver Leave: An employee whose spouse, son, daughter, parent or next of kin is a current service member who is undergoing treatment, therapy, recuperation, or outpatient treatment or has temporary disability retirement for injury or illness sustained in the line of duty, is eligible for 26 weeks of FMLA leave in a single 12-month period. During a single 12-month period, the employee is eligible for a total of 26 weeks of all types of FMLA Leave combined.

The request for the use of Military Caregiver Leave must be made in writing by the employee and approved by the Department Head or Town Manager.

An employee who takes leave under this policy will return to the same job or a job with equivalent status, pay, benefits, and other employment terms. The position will be the same or one which entails substantially equivalent skill, effort, responsibility, and authority.

Family Medical Leave – Certification

In order to qualify for leave under this law, the Town requires medical certification. This statement from the employee's or the family member's physician should include the date when the condition began, its expected duration, diagnosis, and brief statement of treatment. For the employee's own health condition, it should state that the employee is unable to perform the essential functions of his/her position. For a seriously ill family member, the certification must include a statement that the patient requires assistance and the employee's presence is necessary.

This certification should be furnished at least 30 days prior to the needed leave unless the employee's or family member's condition is a sudden one. The certification should be furnished as soon as possible (no longer than 15 days from the date of the employee's request). The certification and request must be made to the Department Head and filed with the Human Resources Manager.

The employee is expected to return to work at the end of the time frame stated in the medical certification unless he/she has requested additional time in writing under the Town's Leave Without Pay policy.

Family Medical Leave: Retention and Continuation of Benefits

When an employee is on leave under FMLA, the Town will continue the employee's health benefits during the leave period at the same level and under the same conditions as if the employee had continued to work. If an employee chooses not to return to work for reasons other than a continued serious health condition, the Town will require the reimbursement of the amount paid for the employee's health insurance premium during the FMLA leave period.

Other insurance and payroll deductions are the responsibility of the employee, and the employee must make those payments for continued coverage of that benefit by the first of each month.

After using all paid leave for which the employee qualifies, the employee on FMLA may use Leave Without Pay for the remainder of the FMLA 12/26-week entitlement. An employee ceases to earn holiday or leave credits on the date Leave Without Pay begins.

Leave Without Pay

A full-time employee may be granted a leave of absence without pay for a period of up to twelve months by the Town Manager. The leave may be used for reasons of personal disability, sickness or disability of immediate family members, continuation of education, special work that will permit the Town to benefit by the experience gained or the work performed, or for other reasons deemed justifiable by the Town Manager.

The employee shall apply in writing to the Town Manager for Leave Without Pay. The employee is obligated to return to duty within or at the end of the time determined appropriate by the Town Manager. Upon returning to duty after being on leave without pay, the employee shall be entitled to return to the same position held at the time Leave Without Pay was granted or to one of like classification, seniority, and pay.

If the employee decides not to return to work, the Department Head shall be notified immediately. Failure to report at the expiration of a leave of absence, unless an extension has been requested and granted, shall be considered a resignation.

An employee shall retain all unused vacation and sick leave while on Leave Without Pay. An employee ceases to earn holiday or leave credits on the date Leave Without Pay begins. The employee may continue to be eligible for benefits under the Town's group insurance plans at his or her own expense, subject to any regulation adopted by the Town and the regulations of the insurance carrier. If the Leave Without Pay is for a circumstance that coincides with FMLA or USERRA then the provisions of those policies will apply.

II. WORKERS' COMPENSATION LEAVE:

An employee absent from duty because of sickness or disability covered by the North Carolina Workers' Compensation Act may elect to use accrued sick leave, vacation, or compensatory time only during the first waiting period of seven days. The employee will not be required to reimburse the Town for this paid leave in the event the absence extends beyond twenty-one days and the first seven days is paid by Worker's

Compensation. If the employee elects to use accrued sick leave, vacation, or compensatory time for the initial waiting period, he/she will be placed on Leave Without Pay at the end of the seven days; full-time employees who do not elect to use paid leave for the initial waiting period will be placed on Leave Without Pay effective with the date of injury. Once the waiting period is over, Workers' Compensation covers approximately two thirds of regular pay.

Any Workers' Compensation disability that qualifies under the requirements of FMLA shall run concurrently with FMLA. An employee on Workers' Compensation Leave Without Pay will be permitted to continue to be eligible for benefits under the Town's group insurance plans during the period of Workers' Compensation leave that is concurrent with FMLA.

Other insurance and payroll deductions are the responsibility of the employee, and the employee must make those payments for continued coverage of that benefit. Any amounts owed are due and payable by the first of the month.

An employee shall retain all unused vacation and sick leave while on Workers' Compensation Leave Without Pay. An employee ceases to earn holiday or leave credits on the date Workers' Compensation Leave without Pay begins. After the period of FMLA eligibility ends, the employee may continue to be eligible for benefits under the Town's group insurance plans at his or her own expense subject to the regulations of the insurance carrier.

III. MILITARY AND OTHER USERRA LEAVE:

The Town will fully comply with the requirements of the 1994 Uniformed Services Employment and Re-Employment Rights Act (USERRA) and related federal regulations.

For the purposes of USERRA covered employees are the following:

- 1) Armed Forces Active and Reserve (Army, Navy, Marine Corps, Air Force, Coast Guard)
- 2) Army National Guard and Air National Guard
- 3) FEMA's Disaster Assistance Teams
- 4) Commissioned Corps of the Public Health Service
- 5) Military Service Academies
- 6) Reserve Officer's Training Corps (ROTC)

Employees taking leave under USERRA shall be eligible to take accumulated vacation leave, accrued compensatory time, or be placed in a Leave Without Pay status, and the provisions of that leave shall apply. While taking USERRA leave, the employee's unused leave balances will be retained and any seniority-based

benefits such as leave accrual rates will continue to accrue.

Employees performing USERRA duty of more than 30 days may elect COBRA coverage to continue the Town's health benefits for up to 24 months but will be responsible for paying the insurance premiums up to 102% of the premium costs. Employees whose USERRA duty is less than 31 days will have their health insurance coverage paid as if they were at work with the Town.

Military Training. In addition to complying with the requirements of USERRA, the Town provides additional benefits for military training. Full-time employees who are members of an Armed Forces Reserve organization or National Guard shall be granted fifteen calendar days per year for Military Leave With Pay. If the compensation received while on military leave is less than the salary that would have been earned during this same period as a Town employee, the employee shall receive partial compensation equal to the difference. The effect will be to maintain the employee's salary at the normal level during this period.

If such duty is required beyond the fifteen calendar days, the employee shall be eligible to take accumulated vacation leave or be placed in a Leave Without Pay status, and the provisions of that leave shall apply. While on military leave, seniority-based benefits such as leave accrual rates shall continue to accrue as if the employee was actively at work. Employees on extended military leave will remain COBRA eligible for health benefits on a voluntary basis, at the employee's expense for a period of 24 months.

Part-time and temporary employees will be granted time off without pay to meet their military reserve or National Guard training obligations.

Reinstatement Following Military and other USERRA Service Leave

An employee who volunteers or is called to active duty with the United States military forces, and who returns to work in less than five years will be returned to the same or like position he or she occupied prior to the active-duty enlistment with full seniority, status, leave accrual rates and pay as if there had been no break in employment. A military discharge form "DD214" with an honorable discharge must be submitted with the notification of intent to return to work.

Time limits for employees to reapply for return to work after release from military service are:

- 1) Less than 31 days absence – employee must report to employer by the next business day.
- 2) 31 days-180 days absence – notification to the supervisor must be submitted within 14 days: or
- 3) More than 180 days absence – notification to the supervisor must be submitted within 90 days.

All reporting deadlines are extended for two years if the employee is injured during USERRA service.

All work plan objectives are written to outline the key responsibilities of the position. In addition, all employees are required to have a "Career and Professional Development" and "Strategic Plan" objective on their work plan and performance appraisal.

The current work plan is maintained by both the employee and supervisor for performance monitoring throughout the review period. Any changes to the work plan must be discussed and reviewed by both employee and supervisor. Changes made without appropriate review may be considered invalid, in which case the original work plan remains active.

The employee and supervisor should agree on the work plan objectives. If the employee disagrees with any work plan objective(s), s/he must submit the basis of the disagreement to the supervisor in writing within 5 working days of the initial discussion. The supervisor must consider the employee's input prior to making the decision to either revise or retain the work plan.

If the disagreement continues, the work plan and employee comments are forwarded to the higher-level supervisors for further review. Upon review, if the higher-level supervisor agrees with the outlined expectations, but the employee does not agree, the employee can appeal the decision to the Town Manager. The Town Manager shall submit his decision to the employee and supervisor in writing within 5 working days. The Town Manager's decision shall be final.

3. Employees who receive an overall rating of Needs Improvement will be provided an opportunity to improve their performance but may be placed on probationary status in accordance with Town policy.

Description of Performance Appraisal Systems

All employees covered by this policy are evaluated by comparing performance with established performance factors and defined performance levels.

1. Performance Factors

Employees in exempt and non-exempt positions are evaluated on the basis of standardized performance factors designed to measure significant dimensions of their positions as outlined in the Town's adopted Performance and Management Evaluation System.

2. Establishing Performance Goals

It is required that goals be established for employees in exempt and non-exempt positions.

Employees and Supervisors work together to develop their performance goals to ensure conformity with department or division objectives and the Town's goals for that particular office. For probationary employees, supervisors will use the goals that were established by the supervisor within the first 30 days of employment.

3. Rating Employee's Performance

An employee's performance is rated on the degree to which employee demonstrates behaviors described within each pre-established performance factor and, where applicable, on the basis of attainment of performance goals. For each performance factor, the rater selects the level, which most closely describes the employee's performance. The three (3) levels of performance used in ratings are:

Exceeds Standards: Employee usually performs above the established performance standard for the element. Employee performs effectively and makes contributions to the work unit that is above the established standards. Employee takes a leadership role in developing new ideas on how to improve the level of service and possesses the job, knowledge, skills, and abilities required to successfully complete all assigned tasks.

Meets Standards: Employee maintains performance level in accordance with the established standard for the element and performs job duties at or near full proficiency. Employee's work is completed accurately and on time, and employee works well with associates and the public.

Needs Improvement: Employee is not meeting some of the performance standards for some of the elements. Counseling may be necessary. Employee may need further training. Employee may be lacking some of the required knowledge, skills, and abilities required to perform some tasks to established standards.

If a supervisor determines the employee's performance needs improvement during the review period, then the supervisor must counsel the employee in a timely manner, indicating the performance deficiency and confirm expectations. Depending on the nature of the deficiency, either a counseling or corrective action plan must be given and documented. The discussion to improve performance must include appropriate measures such as additional training or frequent monitoring.

If an employee determines deficiency in his/her own performance, s/he must discuss it with the supervisor in a timely manner. The employee should also request measures to improve performance.

4. Establishing Overall Ratings

The total percentage for each employee's evaluation is calculated and converted to the recommended pay for performance increase between 0 and 3 percent.

V. Frequency of Ratings

An employee's performance is formally evaluated at the end of the Annual Review Period with the following exceptions:

- a. Probationary Ratings - A probationary employee's performance is evaluated prior to the completion of the approved probationary period to be completed as close to the end of the probationary period as possible.

Should an employee's performance improve or significantly deteriorate any time prior to the close of a probationary period, the preliminary performance evaluation may be modified.

- b. Extended Probationary Ratings - Should a probationary employee's overall performance be less than Meets Standards and the employee is not terminated, the reviewer may request to the Town Manager, in writing, that the employee's probationary period be extended not to exceed ninety (90) additional days. The employee's performance should be evaluated and submitted to the Town Manager prior to the completion of this extended probationary period.
- c. Transfer/Promotion/Termination of Rater - A performance evaluation is submitted on an employee at the time of transfer, promotion, or termination of the rater for reasons other than termination for cause, provided an employee performance evaluation has not been completed within ninety (90) days. This process facilitates the new supervisor's ability to rate the employee's entire evaluation period.
- d. Diminished Performance - If at any time during the review period an employee's performance diminishes and falls below Meets Standards, the employee should be counseled to determine the cause and a specific corrective action plan should be developed. If improvement is not achieved within 30 days, the employee's performance should be evaluated and the employee placed on probation, not to exceed 90 days. Documentation to support this action must be attached by the evaluator. The employee may be terminated at any time during the probationary period.

Reviewers are responsible for ensuring all documents are forwarded to the Human Resources Director's Office according to the time requirements outlined in this policy.

VI. Administration of Performance Appraisal

1. Annual Fund Allocation Process

Annual reviews will take place January 1st- January 31st each year for the prior January 1st- December 31st period. The Town Manager, working with the Human Resources Director, shall annually review performance of the Pay for Performance Program and the following process shall be utilized in developing budget estimates for a central pool of funds to be allocated to the various offices and departments of the Town.

- a. The percentage of funds dedicated to pay for performance increases shall be estimated and recommended for approval as part of the annual budget process by the Town Manager working with the Finance Director and the Human Resources Director.
- b. Department Directors and Supervisors are responsible for reviewing all employees' performance and employee eligibility for performance-based increases.

- c. Each Department Director working with Supervisors will determine how funds will be allocated within their respective department, which recommendations justify recognition and will ensure consistent and equitable consideration of all recommendations and awards.
- d. Each Department Director or Supervisor will submit the employee's annual evaluation form with recommended salary increase to the Human Resource Director's Office with final approval by the Town Manager.
- e. The Town Manager or his/her designee will track each evaluation increase and develop a proposal amount for Town Council consideration as part of the budget process for the next fiscal year.
- f. Recognition of employees for their performance will take place during the first pay period in March or as determined by the Town Manager.
- g. The process relies upon the professionalism and management ability of the Department Directors and Supervisors to allow the allocation of resources at their disposal. The process also allows for monitoring and consistent reminders of resources remaining and is consistent with programs in other communities who administer pay for performance programs.

2. Employee Evaluation Administrative Process

The Human Resources Director under the direction of the Town Manager will distribute performance appraisal forms to the Department Directors. Evaluations will be reviewed by the evaluator's supervisor **prior** to being presented to the employee.

a. Establishing Standards, Goals and Objectives

Employees will review the standardized performance factors established for their positions. Department Heads and Supervisors (raters) meet with employees to review the performance appraisal system, discuss job requirements and standards that are applicable to the position, and jointly establish goals and objectives for the coming year.

Employees and reviewers sign the performance appraisal form to signify this process was accomplished.

b. Monitoring Performance

To measure progress toward the accomplishment of established performance goals and the performance of job requirements Department Heads and Supervisors should maintain accurate and specific documentation of employee performance.

Department Heads and Supervisors should provide feedback to their employees on a regular basis regarding performance.

c. Processing Pay for Performance Program Increases

Before the end of the Annual Review Period, the Human Resource's Office will send reminders or will distribute evaluation forms and any other information and documents to facilitate the processing of pay for performance increases.

This program will be used to reward performance that consistently meets or exceeds standards

in accordance with the Town's Performance and Evaluation System. Department Heads and Supervisors will have the ability to award an increase in pay – that is applied to an employee's base salary.

Salary increases for performance that meets or exceeds standards can be awarded at completion of the employee's evaluation period. However, the maximum percent increase allowed through this program is three percent (3%).

Department Directors and Supervisors are responsible for monitoring the level of performance increases of their offices or departments and employee eligibility.

Each Department Director or Supervisor will determine how performance increases will be allocated within their respective department/office, which recommendations justify recognition and will ensure consistent and equitable consideration of all recommendations and awards.

A Personnel Action Form must be completed for each increase, giving details of major accomplishments. Forms must be signed by the Department Director or Supervisor and forwarded to the Human Resources Director for their review and to the Town Manager for final approval.

Departments duplicate and provide a copy of the Performance Appraisal Form to the employee/recipient, maintain a copy for their files and send the originals to the Human Resources Director on or before January 31st.

The Human Resources Director under the direction of the Town Manager reviews all documents for compliance with policy and forwards the forms to the Town's Payroll staff which processes the appropriate increase. Performance increases will be processed effective the first pay period of March.

ARTICLE XV

SAFETY AND LOSS CONTROL PROGRAM POLICY

I. POLICY:

Employees will be required, as a condition of employment, to exercise care in the course of their work to prevent injuries to themselves and to their co-workers.

The Town has established a safety and loss control program, implemented, and monitored on a continuous basis. A safety coordinator, assigned the responsibility of organizing the overall safety and loss control efforts, has been appointed and is reappointed on an annual basis.

A safety committee was created to establish loss control policy, investigate major losses and loss trends, and assign other safety responsibilities as needed. This committee is chaired by the safety coordinator and its membership is comprised of employees from each department.

Each municipal Department Head is responsible for the safety and well-being of the workers in his/her department as well as the required maintenance of facilities and equipment in his/her area of responsibility. Each municipal employee is responsible for his/her own personal safety and for the safe completion of assigned tasks. The Town requires its employees to respond to all planned safety efforts and to perform their assigned jobs in the safest manner possible.

The Town of Selma is committed to doing all in its power to make its safety and loss control program a success and expects all municipal employees to assist in this effort by contributing expertise and by following all established rules and procedures.

II. PURPOSE

To provide a safe work environment for its employees so that each employee can pursue the highest standards in his/her assigned activities, and all municipal employees must recognize that the well-being of persons involved in the protection of our physical resources are as important as the activity and work being performed.

Accident investigation will be performed by the safety coordinator. Any accident involving death, permanent disability, temporary disability, hospitalization, medical treatment, loss of time from work by Town employee, damage to or destruction of any property, or any injury to a visitor will be investigated. The purpose of accident investigation is to prevent the recurrence of accidents by identifying contributing causes, determining corrective measures necessary to eliminate causes, and disseminating information on accident prevention to all employees. Accurate, complete accident reports are essential to identify and remedy causes. The accident investigation should be initiated as soon as possible after the occurrence of the accident.

Self-Inspections

The purpose of self-inspections is to identify hazardous work conditions and materials or methods that may result in an accident so that these hazards can be corrected. Safety Bulletin Board and Safety Suggestion Box

Each department will be responsible for maintaining a safety bulletin board and a safety suggestion box. The bulletin board will be maintained in a neat and orderly manner at all times. A safety suggestion box will be maintained for employees to submit safety suggestions.

Section 3. Discipline

It is recognized that some Town employees will violate work rules and policies and commit unsafe acts that may or may not result in an accident, causing injury or damage. As a result, each violation or action will require immediate corrective action by supervisors and administrators. It should be emphasized that safety rules and policies and driving procedures must be enforced for the protection of the employee and the Town.

The cost of the accident should not dictate the corrective action to be administered. Management should discourage any implication that it is acceptable to have an inexpensive accident, but it is unacceptable to have an expensive accident occur. The same action that causes little accidents also causes the big accidents; therefore, the **emphasis** is placed on ***accident prevention***.

Careful consideration has been given to the wide range of Town employees whose job classifications include the responsibility of operating motor vehicles and motorized equipment. It has been determined, therefore, that all employees who operate a vehicle or other equipment are obligated to take the necessary precautions to avoid accidents and injuries. Distinctions will not be made as to the frequency and distance that a vehicle or other equipment is operated.

The fact that one job classification requires more driving or operating hours than another job classification is not adequate justification to provide different expectations for safe vehicle and motorized equipment operation. Although one job classification may require a more highly skilled operator than another, it is the supervisor's responsibility to ensure that all equipment operators are properly trained to operate the assigned equipment safely and efficiently. It is also the supervisor's responsibility to enforce the applicable safety rules and review each employee's previous accident record to determine the need for additional training.

For disciplinary purposes, only accidents or safety violations occurring after the inception of this program will be considered. However, if an employee is on probation or suspension for violations at the inception of this program, there will be no change in status until the disciplinary period has been completed.

Disciplinary Actions

An employee's unsafe act that results in:

- 1) Personal injury (without justification) to another individual.
- 2) Personal injury to the employee; or
- 3) Damage to vehicle or other property.

Will receive disciplinary action. Supervisors shall administer these same disciplinary actions when employees violate the general and departmental safety rules that have been established for each individual department. An employee who willfully inflicts or attempts to inflict bodily harm to another individual while on duty shall be terminated.

Department Heads/Managers/Supervisors will:

1. Establish and communicate to employees the departmental “safe” areas and protocol.
2. Post information about domestic and workplace violence where employees can obtain it without having to request it.
3. Consult with Human Resources and/or Employee Assistance Provider, if physical or behavioral changes are observed in an employee. Changes in behavior should be addressed with the employee after consultation with Human Resources and/or Employee Assistance Provider.

The Town will maintain a list of services available to victims and those who commit acts of domestic violence.

All Employees will:

1. Refrain from acts of violence.
2. Participate in workplace violence prevention training as required.
3. Seek assistance to resolve personal issues that may lead to acts of violence in the workplace.

Employees making complaints of harassment are protected against retaliation from alleged harassers or other employees.

IV. Responsibility:

It is the responsibility of the Town of Selma Supervisors and Managers to uniformly administer, communicate, and ensure compliance.

It is the responsibility of the Human Resources Department to interpret, monitor, and update the policy content.

The Human Resources Department serves as a resource to the employee, managers, and supervisors in obtaining assistance to address domestic and workplace violence situations.

It is all employee's responsibility to comply with policy guidelines.

Any violation or policy misuse will result in disciplinary action up to and including dismissal.

V. Applicability

This policy shall apply to all Town employees, including full-time and part-time (regular, temporary, volunteer, and contract), while engaged in activity related to their employment with the Town, whether on Town property or elsewhere.

However, this policy does not include actions related to or situations arising from actions that are a necessary part of the performance of an employee's job. For example, fire, police, and other response employees acting with an appropriate use of force in the line of duty are exempt from this policy.

Violation by an employee of any provision of this policy may lead to disciplinary action up to and including termination. This policy and any sanctions related thereto are to be deemed supplemental to the Town's Personnel Policy and its provisions and to applicable State and Federal laws.

IX. Guidelines for All Employees

An employee should discuss with a supervisor or Department Head any fear that a personal or work relationship has the potential to deteriorate into a threatening situation affecting his or her co-workers. If the employee does not feel comfortable confiding in the Department Head, the Human Resources Manager or the Selma Police Department should be called. An investigation will be performed in a confidential manner whenever possible; however, public safety will have the first priority.

All employees are encouraged to be alert to the possibility of violence on the part of employees, former employees, customers, and strangers. Verbal threats, the displaying of weapons, or suspicious briefcases and/or packages may be cause for concern.

Whenever an employee feels at immediate risk, the Selma Police Department may be called. The communication of a threat towards an employee or a citizen is cause to call the Police Department. The Police Department will decide on the appropriate level of response.

The Police Department will take the lead in responding to an incident with the assistance of staff members or outside expertise as deemed necessary by the Police Department. Any report of violence will be handled in a confidential manner, with information released only on a need-to-know basis.

The Town believes that it is the obligation of every employee to contribute to the safety of the work environment by refraining from threats, violence or activities that may provoke violence; by being sensitive to

cultural differences in all aspects of personal interactions; by conducting Town business with consideration and respect for co-workers and customers; and by reporting actual or potential threats, both internal and external, immediately.

This policy does not, in effect, promise to offer security from violence. By adopting this policy, the Town of Selma makes no promise, assurance, or guarantee, expressed or implied, that an employee will be free from workplace violence.

X. Communication

New employees will receive information concerning the expected behavior on the job towards co-workers and the public, as well as the availability of the Employee Assistance Program (EAP) services.

Money handling operations departments involved in handling money will separately develop procedures and provide training to employees to assure that employee safety is the primary concern, not the security of the money.

XI. Responsibilities

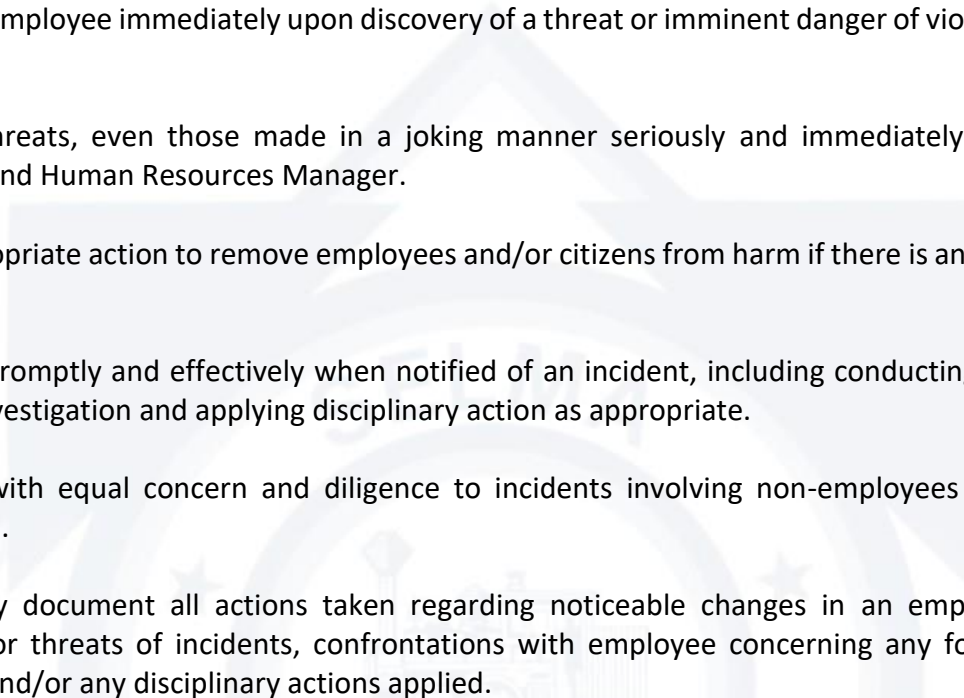

Employee Responsibilities

- 1) Any employee who experiences or witnesses any act, conduct, behavior, or communication by another employee or by a non-employee, which is in direct violation of the policy prohibiting workplace violence must *immediately* contact his or her supervisor and/or the Human Resources Manager and, if needed, the Selma Police Department. Employees should not try to handle a violent or potentially violent incident themselves.
- 2) When reporting an imminent threat and/or act of violence, an employee should first secure his or her own safety, immediately contact the Selma Police Department and, if possible, alert other persons in the immediate area.
- 3) Any employee who is threatened, assaulted, or attacked while on official duty in the field should immediately report such incident to both the Selma Police Department and his or her immediate supervisor.
- 4) If anyone commits a violent act or makes a direct threat while on Town property, that person will be asked to leave by a supervisor. Should the person refuse to leave, the Selma Police Department will be called to assist in removing the person from Town property. The person may not return to any Town property.
- 5) Each employee has the personal responsibility to abide by this policy every time he or she comes to work. Any employee who violates this policy will receive appropriate disciplinary action, which may include termination, arrest, prosecution, and/or other criminal penalties.

- 6) Any employee who knows of information about workplace violence but does not report it in accordance with this procedure will be subject to appropriate disciplinary action.
- 7) Any employee who receives a suspicious package should notify his or her supervisor and, if necessary, the supervisor will call the Selma Police Department.

- 9) All employees have the responsibility to report any suspicion or knowledge of a current or potential incident of workplace violence to a Town supervisor.
- 10) All employees must refrain from any words, actions or threats that may provoke violence.
- 11) Town business should be conducted with consideration and respect toward co-workers and non-employees.

Management Responsibilities

- 1) Support the Town's principle of and rationale for encouraging work environments that are safe from violence, threats and harassing or aggressive behavior, and keep employees informed regarding the Town's efforts to ensure the safety and security of its employees.
- 2) Inform all employees that workplace violence or other abusive, aggressive, or disruptive behavior in any form will not be tolerated.
- 3) Treat all employees with respect and demonstrate the type of model behavior for employees to emulate.
- 4) Enforce work rules uniformly and consistently.
- 5) Be alert to the possibility of workplace violence on the part of former employees, customers, and other third parties, and take preventive and/or corrective action when necessary.
- 6) Be aware of any patterns or changes in employee behavior that exhibit the potential for workplace violence or disruption or could pose concern for co-workers. All such behavior or actions should be documented for the record. Such changes should be addressed in private counseling sessions with the employee and EAP literature should be given to the employee.

- 
- 7) Be aware of the services available, the telephone number and location of the EAP, and make appropriate and timely referrals for assistance for employees who threaten or engage in violence or other abusive, aggressive, or disruptive behavior.
 - 8) Notify an employee immediately upon discovery of a threat or imminent danger of violence toward that employee.
 - 9) Take all threats, even those made in a joking manner seriously and immediately notify the Town Manager and Human Resources Manager.

 - 11) Respond promptly and effectively when notified of an incident, including conducting a complete and prompt investigation and applying disciplinary action as appropriate.
 - 12) Respond with equal concern and diligence to incidents involving non-employees as well as Town employees.
 - 13) Completely document all actions taken regarding noticeable changes in an employee's behavior, incidents or threats of incidents, confrontations with employee concerning any form of workplace violence, and/or any disciplinary actions applied.

Town Responsibilities

- 1) Provide training for employees, supervisors, and managers to help them recognize the signs of potentially violent situations.
- 2) Take all employee reports of violent threats or actions seriously and ensure such reports are investigated thoroughly.
- 3) Encourage employees to seek help for personal or medical problems that may lead to acts of violence or aggression.

XII. STRATEGIES FOR PREVENTION

Training and Education

At the time of policy implementation, all employees will attend a training session. Training will be included in new employee orientation.

Employee training will include the following information:

- 1) A review of the definition of workplace violence.
- 2) A review of the program.
- 3) What to do if workplace violence occurs.
- 4) How to report incidents.
- 5) Encouragement to report potential workplace security hazards.
- 6) Availability of the Employee Assistance Program (EAP).

Supervisors and managers shall also be trained to:

- 1) Learn techniques for recognizing potentially volatile personalities and apply such recognition techniques during applicant interviews.
- 2) Learn the steps to prevent incidents of workplace violence.
- 3) Recognize the signs of a potentially violent situation.
- 4) Learn how to diffuse potentially violent situations.
- 5) Learn measures to be taken if a violent incident occurs.
- 6) Provide counseling if required.
- 7) Dispense appropriate discipline when necessary.
- 8) Efficiently document all pertinent matters related to workplace violence in the affected employee's personnel record.

Prevention Strategies

The Employee Assistance Program (EAP) is available for regular Town employees and their dependents for a certain number of counseling visits. Employees are encouraged to seek help for personal or emotional problems for themselves and their families. Employees can find information about the current EAP practice by contacting the Human Resources Office.

Pre-employment drug testing assures that candidates for applicable Town of Selma positions understand that the Town expects a drug-free workplace. This should lessen the chance of substance abuse-related violence or behavioral problems.

Disciplinary actions will be consistently and fairly applied towards employees who engage in threatening behavior or workplace violence.

Dismissal for possession of unauthorized weapons while performing Town business used in a threatening behavior, physical assault, or any other form of severe workplace violence or intimidation are all reasons for immediate dismissal.

Termination Procedures. Whenever possible, an employee's dignity should be respected during any pre-dismissal or termination process. Department Heads should discuss the proposed action with the employee during a time when few co-workers are present so that the employee is not embarrassed in front of co-workers. If violent behavior is likely, Department Heads may choose to take extra precautions such as having a second person in the room and, if necessary, asking for assistance from the Police Department. It is important to exercise good judgment and discretion in making these decisions.

XIII. INCIDENT PROCEDURES AND REPORTING

Before an Incident

Mediation. If an employee is experiencing conflict, Department Heads or a Human Resources representative shall offer counseling. Should internal counseling sessions fail to dissipate the conflict, the EAP is available to perform mediation services. Department Heads can recommend an employee to this service if work conflict is creating problems for productivity, morale, or safety.

Indirect Threats. If an employee's behavior involves indirect threats or other inappropriate behavior, Department Heads shall interview the employee whose behavior is in question. Department Heads shall discuss the behavior and share what they have heard with the employee. Never threaten or name call. Department Heads must keep an open mind. All discussions shall be thoroughly documented. Department Heads shall talk to co-workers in order to develop a more complete understanding of the subject employee's reported conduct.

Provide Guidance to Employees who Feel Threatened. Department Heads shall inform employees that there is an open-door policy to confide personal conflict issues which have the potential to become a public safety problem. The only individual who will be informed initially is a high-ranking Police Department official. Whether or not to inform additional personnel will be left to the discretion of the Department Head, his or her designee, the Human Resources Director, or the Police Department official. The confidentiality of the employee will be respected as much as possible; however, public safety will not be compromised to protect that confidentiality.

Disciplinary Action shall be consistently and fairly applied toward all employees who engage in workplace violence:

- 1) A physical attack on any employee combined with the use of a weapon will result in termination. In the event a threatened employee resorts to physical violence, and it is determined that the employee acted in self-defense with no other means of protection available, termination may not apply.

- 2) Any physical attack, whether or not in self-defense, with or without a weapon, or property damage to any Town property may result in some form of disciplinary action, up to and including termination. Typically, aggressors will receive more severe sanctions than the attacked. Other violations, including threats and harassment, will be punishable by appropriate disciplinary action, up to and including termination.

Treat All Threats Seriously. Any employee who observes or has knowledge of a threat should not hesitate to notify the Police Department and his or her supervisor. Supervisors and Department Heads should remember that during incidents of workplace violence, if the target of the attack is not available, employees not involved in the initial dispute are often the victims because they are accessible. Brushing off concerns for your own personal safety could put your employees at risk.

During an Incident

Level 1 – An Act of Violence that Results in Injuries or Death

- 1) Evacuate employees, if possible, or advise employees to seek whatever protective place of concealment is available.
- 2) Attend to the immediate danger and injuries by contacting emergency response personnel at the Selma Police Department.

Level 2 – Danger Is Imminent

- 1) If an immediate sense of danger exists, evacuate employees from harm, if possible, or advise employees to seek whatever protective place of concealment is available.
- 2) Notify the Selma Police Department.
- 3) Contact the Town Manager and/or Human Resources Director to notify them to prepare for a possible violent incident by completely emptying the danger site immediately, if possible, and formulating a plan to protect employees and the public.

Level 3 – Threats

- 1) In the event an individual presents or implies a threat of violence, the employee receiving the threat shall immediately contact his or her supervisor and describe the situation. The supervisor in turn will notify other departments and personnel as appropriate.
- 2) Supervisors informed of an actual or implied threat of violence shall notify the Department Head and other departments and personnel as appropriate.

After an Incident

Level 1 – An Act of Violence that Results in Injuries or Death

- 1) Call 911 and notify the Town Manager and Human Resources Director immediately.
 - a) Secure the scene by removing all employees and non-employees not directly involved in the incident.
 - b) Ensure injured persons have received appropriate care.
 - c) Debrief personnel by explaining restrictions on information they may inadvertently disseminate to inappropriate persons and/or sources (i.e., media) and to diminish unhealthy or erroneous rumors.
 - d) The Town Manager is responsible for communicating with families of all employees involved directly in the violent incident, and with the Media. No employee shall address the Media, unless instructed to by the Town Manager.
 - e) Provide internal counseling or contact EAP to arrange for their involvement to provide anger management, grief counseling, post-traumatic stress guidance, etc.
 - f) The Human Resources Director will investigate the incident thoroughly and talk to witnesses.
 - g) Formulate and document measures to prevent recurrence of the incident and/or improve response.
- 1) The Selma Police Department will assume control of the scene and arrange whatever cleanup may be necessary.
- 2) Informal briefings shall be fully supported by management. Employees should be given the opportunity to talk informally with one another when they feel a need to discuss the experience. Management shall show respect for employees' efforts to care for one another.
- 3) Management needs to spend a lot of time with employees following a serious incident in order to demonstrate management support and to be available to listen to concerns and answer questions. Unessential administrative burdens will be put aside so Department Heads, and/or supervisors can devote quality time to employees should the need arise or be requested.

Level 2 – Danger Is Imminent

- 1) Call 911 and notify the Town Manager and Human Resources Director immediately.
 - a) Secure the scene by removing all employees and non-employees not directly involved in the incident.

- b) Debrief personnel by explaining restrictions on information they may inadvertently disseminate to inappropriate persons and/or sources (i.e., media) and to diminish unhealthy or erroneous rumors.
 - c) The Human Resources Director will investigate the incident thoroughly and talk to witnesses.
 - d) Formulate and document measures to prevent recurrence of the incident and/or improve response.
 - e) Respond to media requests, if required.
- 2) Should the danger fail to develop, the situation should be fully explained to all employees who were made aware of the possible incident and post-traumatic stress counseling should be offered for employees affected by the warning of possible danger.

Level 3 – Threats

- 1) When threats are made by an employee, Department Heads must follow procedures for disciplinary action, dependent on the type and severity of the threat, including but not limited to counseling, mandatory anger management guidance, documentation in employee's personnel record, termination, arrest, or prosecution.
- 2) When threats are made against an employee, Department Heads shall make every effort to assist the employee in regaining a sense of security in the workplace. They will offer internal counseling or post-traumatic stress counseling, resist interference with employee support groups, arrange professional counseling, and provide whatever the employee feels he or she needs to personally deal with the threat.

Reporting Procedures

Any employee who experiences or witnesses any acts, conduct, behavior, or communication which is against this policy must immediately contact his or her supervisor. For their own protection, employees should not attempt to handle a violent or potentially violent incident on their own.

If reporting an imminent threat and/or act of violence, an employee should first secure his or her own safety and then contact the Selma Police Department.

Any employee who is threatened, assaulted, or attacked while on official duty but not at a Town facility should report such incident to both the local law enforcement agency and his or her immediate supervisor.

If a violent act has been threatened or committed, the Selma Police Department shall be notified immediately so the individual perpetrating the violent act can be removed from Town property.

Any employee who knows of workplace violence but does not report such information in a manner consistent with these procedures may be subject to appropriate discipline, up to and including termination.

All reports shall be kept confidential except in a case in which the information is needed to prevent workplace violence, is required for court hearing, or when dissemination is vital for any other reason.

XIV. RESPONSES AND SANCTIONS

Responses and Sanctions

Some incidents are limited in scope and may be responded to by a brief investigation with the involved parties and witnesses. Others require a more thorough investigation and may involve the Town Manager, Town Attorney, Police Chief, Human Director, or others in determining the appropriate response. The kinds of incidents where investigation and response are definitely called for include:

- 1) Whenever threatening behavior is displayed. For example, when a weapon is shown, or explicit threats are made against specified individuals.
- 2) Whenever a physical attack occurs in the course of work involving one or more employees, such as fights, shootings and/or knifings.
- 3) Other behaviors that show an employee is crossing the boundary between what is acceptable physical behavior in the workplace and what is not. For example, “horseplay” with a violent edge, continued picking on a co-worker, a pattern of aggressive and hostile response to supervisors and co-workers.

All behaviors are considered or may be considered criminal acts and should be reported to the Selma Police Department; police investigations may supplement or supersede administrative procedures.

The Town should communicate and enforce an atmosphere of zero tolerance for violence in the workplace and guarantee a quick disciplinary response to such incidents.

A violation of this policy is considered detrimental personal conduct as outlined in this policy and the Selma Personnel Policy. A physical attack on any employee combined with the use of a weapon will result in termination.

Any physical attack whether or not in self-defense, with or without a weapon, or property damage to any Town property, will result in some form of disciplinary action. Aggressors will receive more severe sanctions than the attacked. Other violations, including threats and harassment, will be punishable by appropriate disciplinary actions, up to and including termination.

Retaliation. The Town will not retaliate against any employee for honest reporting of instances of workplace violence. Employees who act in good faith by reporting real or implied violent behavior or violations of this policy will not be subjected to harassment or any form of retaliation.

Co-workers are encouraged to offer suggestions on ways to improve safety and security in the workplace. Suggestions and comments may be presented to any member of the Crisis Management Team.

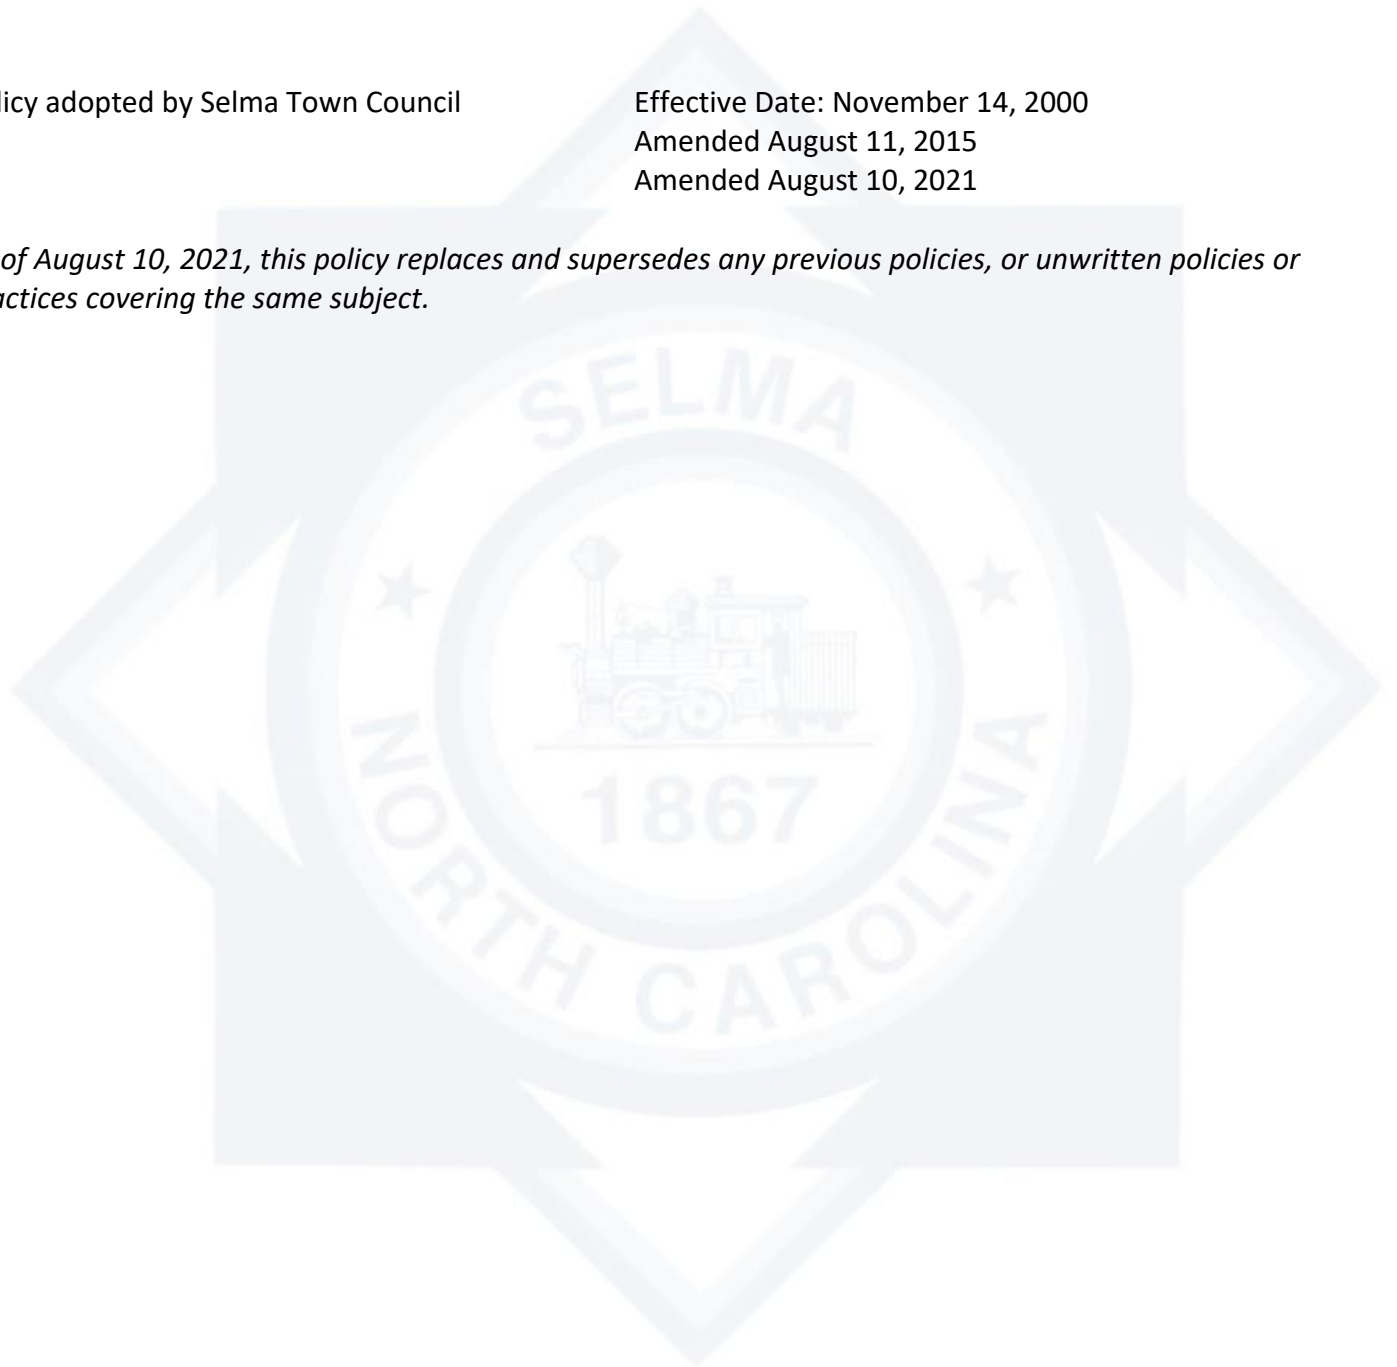

Policy adopted by Selma Town Council

Effective Date: November 14, 2000

Amended August 11, 2015

Amended August 10, 2021

As of August 10, 2021, this policy replaces and supersedes any previous policies, or unwritten policies or practices covering the same subject.

ARTICLE XXIV TRAVEL AND TRAINING POLICY

I. POLICY:

The intent of this policy is to make a uniform provision for the reimbursement of necessary expenses of Town employees or officials of the Town who are required to travel within or outside of the Town boundaries in the performance of their duties and in the interest of the Town's affairs.

This policy also establishes guidelines for the repayment of funds that are expended by the Town of Selma for training, seminars, conferences or other professional development courses and associated expenses, when an employee leaves the Town within one year of participation in or completion of such programs.

II. PURPOSE:

The Town of Selma recognizes that employees and officials are required to travel both within and outside of the State of North Carolina for the purpose of representing the Town at meetings and professional associations, as well as for training to enhance their skills regarding the performance of their various positions within the Town government.

III. PROVISIONS:

It is inherently understood in this policy that an individual traveling on official Town business is expected to exercise the same care in incurring expenses that a prudent person would exercise if traveling on personal business and expending personal funds. Excess costs, indirect routes, delays, or luxury accommodations and unnecessary services, unjustified, or solely for the convenience or personal preference of the traveler in the performance of official Town business are not acceptable under this standard, and travelers will be held responsible for unauthorized costs and additional expenses incurred for personal preference or convenience.

Should an employee voluntarily separate from the Town for any reason within one (1) year of participating in or completing external training, educational seminars, conferences or other professional development courses, the employee is responsible for the repayment of such training expenses incurred by the Town in the amount of \$500 or greater per course or program. Training expenses include but are not limited to registration fees, materials, travel, lodging, per diem and/or examinations.

The repayment amount shall be:

<u>Separation Date</u>	<u>Repayment Amount</u>
1-90 calendar days after course or program	100%
91-180 calendar days after course or program	75%
181-270 calendar days after course or program	50%
271-365 calendar days after course or program	25%
More than 365 days after course or program	0%

Repayment of funds will be deducted from final payroll. Should there be insufficient funds from the final check for full recovery, the funds must be paid within 45 days from separation. After 45 days, the funds will be pursued to the fullest extent of the law.

Travel Reimbursement:

The travel reimbursement form provided for the traveler must be turned in for reimbursement within ten (10) days of the employee's return. This form lists all mileage, private or public transportation, lodging, meals, registration, and other travel expenses which are reimbursable. Itemized receipts for lodging, meals, registration, and private or public transportation are to be attached to and made a part of the reimbursement form. For taxis, airport shuttles and buses, receipts may not be available or provided; therefore, attach if possible. The reimbursement form must be approved by the Department Head and signed by the employee before being presented to the Finance Office for reimbursement.

Transportation Cost for Employee:

This is the payment for mileage allowance or actual cost of public transportation as applicable. If rental vehicles are used for both business and non-business purposes, reimbursement to the Town for the non-business portion will apply.

Town-Owned Vehicle:

This method of transportation is to be used whenever a Town vehicle is available. The Department Head may authorize reimbursement to the employee for exact operation expenses in circumstances where direct credit charges cannot be made to the Town.

Privately-Owned Vehicle:

When no Town vehicle is available, this mode may be used if specifically authorized by the appropriate Department Head. Reimbursement for operation expense shall be limited to the mileage allowance mandated by the IRS.

Transportation by Common Carrier:

Reimbursement for air, rail or bus fare is limited to business or coach fare, substantiated by a receipt. Quotes must be obtained from more than one (1) common carrier if multiple carriers exist; and (2) documentation that the lowest fare available was used must be submitted on the trip sheet.

Rental Vehicles:

Reimbursement of rental vehicle expenses will not be authorized without prior approval by the Town Manager. If approved, the rental vehicle should be secured at the lowest practical cost.

IV. TRAVEL DESTINATIONS

Local Travel:

Town employees, who by the normal nature of their duties are required to travel regularly within the Town and are individually authorized by the appropriate Department Head, are eligible for

reimbursement of transportation expense on a monthly basis.

In-State/Out-of-County Travel:

Approved travel expenses outside the county but within the state for Town purposes or purposes in the best interest of the Town, such as training, conferences, professional meetings, etc., may be reimbursed to the limits of the policy for:

- Transportation Costs
- Lodging
- Meals
- Registration Costs
- Necessary Incidental Expenses (parking, tolls, taxis, etc.)

Out-of-State Travel:

Out-of-state travel begins when the employee leaves the state and remains in effect until the employee returns to the state. Out-of-state travel requests by employees and Department Heads must be pre-approved by the Town Manager.

V. REIMBURSABLE EXPENSES

Mileage Allowance

The amount authorized to be paid on a per-mile basis for travel by privately-owned vehicle will be determined by the IRS mileage rate at the time of travel.

Meal Reimbursement Rates

The amount authorized to be paid will be determined by using the following link at the time of travel: <https://www.gsa.gov/travel-resources>. This link has a calculator to provide the current meals and incidental expenses (M&IE) and gives full details on current federal allowances in the continental United States.

Meals that are provided in the registration costs will not be reimbursed to employees who choose to eat on their own elsewhere. A spouse's or other relative's meal must be paid with private funds; the only exception being when a spouse accompanies a Town representative to an official breakfast, luncheon, or dinner to which the spouse was invited. **Itemized receipts must be turned in for reimbursement.**

Tips are considered to be included in the above meal reimbursement rates.

Lodging

To receive reimbursement for lodging expenses, an itemized hotel bill must be attached to the reimbursement form.

Registration Costs

Registration costs should be paid directly by the Town. When an employee personally pays a registration fee, a receipt for payment should be obtained and is preferable to a cancelled check for reimbursement purposes. Additional registration costs for recreational and entertainment activities will not be paid by the Town. Meal functions are not included in this requirement and are eligible for payment by the Town in lieu of the meal reimbursement payment.

Other Costs

Reasonable parking fees, tolls, taxi charges, and expenses of a similar nature when appropriate to the travel are reimbursable upon submission of appropriate documentation of the same. The Town Manager shall approve or disapprove all other expense reimbursements not clearly defined in this Policy or those which have been questioned.

Telephone Calls

Employees are not allowed to charge long distance telephone calls to the Town for calls of a personal nature. All long-distance calls that are to be paid by the Town are those made pursuant to the employee conducting official Town business.

VIII. REIMBURSEMENT PROCEDURES**Form & Receipts:**

The travel reimbursement form and supporting receipts must be submitted to the Department Head for approval. After approval by the Department Head, the form should be forwarded to the Town Manager who will then forward the form to the Finance Department for payment.

Accuracy Check:

The Finance Department will determine that the travel form and receipts have been properly approved, that they are mathematically correct, that requested reimbursements agree to submitted receipts, and that they are within the limits set by the Policy. If an error in the reimbursement request is found, the requesting party will be informed, and the error will be corrected before payment is made.

When an employee cancels an approved trip and the Town has paid airfare, registration and/or other related fees or issued a travel advance, a memo must be sent to the Finance Department explaining the cancellation. ARTICLE XXV

UNSATISFACTORY JOB PERFORMANCE AND DETRIMENTAL PERSONAL CONDUCT

I. POLICY:

A regular employee may be placed on disciplinary suspension, demoted, or dismissed for unsatisfactory job performance, if after following the procedure outlined below, the employee's job performance is still deemed to be unsatisfactory. The Human Resources Director will be available to assist all parties with the procedures in taking or responding to disciplinary actions. All cases of disciplinary suspension, demotion, or dismissal must be approved by the Town Manager prior to giving final notice to the employee.

II. PURPOSE:

When an employee's job performance is unsatisfactory, or when incidents or inappropriate actions warrant, the supervisor shall meet with the employee as soon as possible in one or more counseling sessions to discuss specific performance problems. A brief summary of these counseling sessions shall be noted by the supervisor and put in the employee's personnel file.

An employee whose job performance is unsatisfactory over a period of time should normally receive at least two documented warnings, one of which may be in the final written warning, from the supervisor before disciplinary action resulting in dismissal is taken by the Town Manager. In each case, the supervisor should record the dates of discussions with the employee, the performance deficiencies discussed, the corrective actions recommended, and the time limits set. If the employee's performance continues to be unsatisfactory, then the supervisor should use the following steps:

- 1) A final written warning from the supervisor serving notice upon the employee that corrected performance must take place immediately in order to avoid suspension, demotion, or dismissal.
- 2) If performance does not improve, a written recommendation should be sent to the Department Head and Town Manager for disciplinary action such as suspension, demotion, or dismissal.

Disciplinary suspensions are for the purpose of communicating the seriousness of the performance deficiency, not for the purpose of punishment, and should not generally exceed three workdays (24 hours) for non-exempt employees. Suspensions for exempt employees shall be for one full work week in accordance with FLSA requirements to maintain exempt status. Under FLSA, suspensions of less than a week are authorized for major safety violations or infractions of workplace conduct rules (detrimental personal conduct).

Demotions are appropriate when an employee has demonstrated inability to perform successfully in the current job but shows promise and commitment to performing successfully in a lower-level job. If no other options are available, dismissal is appropriate.

If, after suspension or demotion, the employee's performance does not reach an acceptable level, the

employee may be dismissed. Dismissals are appropriate when the employee has shown he/she is unwilling or unable to perform work in a manner that meets the work and conduct standards of the Town.

III. PROVISIONS:

Unsatisfactory job performance includes any aspects of the employee's job which are not performed as required to meet the standards set by the Department Head or Town Manager.

Examples of unsatisfactory job performance include, but are not limited to, the following:

- 1) Demonstrated inefficiency, negligence, or incompetence in the performance of duties.
- 2) Careless, negligent, or improper use of Town property or equipment.
- 3) Physical or mental incapacity to perform duties after reasonable accommodation.
- 4) Discourteous treatment of the public or other employees.
- 5) Absence without approved leave.
- 6) Improper use of leave privileges.
- 7) Failure to report for duty at the assigned time and place.
- 8) Failure to complete work within time frames established in work plan or work standards.
- 9) Failure to meet work standards over a period of time.
- 10) Failure to follow the chain of command to address work-related issues; or
- 11) Failure to maintain certifications required by the job.

IV. DISCIPLINARY ACTION FOR DETRIMENTAL PERSONAL CONDUCT:

The Department Head or Town Manager will place the employee on non-disciplinary suspension prior to making a disciplinary determination to allow time to gather facts regarding the detrimental personal conduct and make a determination regarding the severity of the conduct.

With the approval of the Town Manager, an employee may be placed on disciplinary suspension, demoted, or dismissed without prior warning for causes relating to personal conduct detrimental to Town service in order to:

- 1) Avoid undue disruption of work.

- 2) To protect the safety of persons or property; or
- 3) For other serious reasons.

In exigent circumstances, a Department Head or designated supervisor may, with or without prior approval, suspend employees for the remainder of the workday. In such cases, the Department Head shall immediately notify the Town Manager.

V. DETRIMENTAL PERSONAL CONDUCT DEFINED:

Detrimental personal conduct includes behavior of such a serious detrimental nature that the functioning of the Town may be or has been impaired; the safety of persons or property may be or have been threatened; or the laws of any government may be or have been violated.

Examples of detrimental personal conduct include, but are not limited to, the following:

- 1) Fraud or theft.
- 2) Conviction of a felony or the entry of a plea of *nolo contendere* thereto.
- 3) Falsification of records for personal profit, to grant special privileges, or to obtain employment.
- 4) Willful misuse or gross negligence in the handling of Town funds or personal use of equipment or supplies.
- 5) Willful or wanton damage or destruction to property.
- 6) Willful or wanton acts that endanger the lives and property of others.
- 7) Possession of unauthorized firearms or other lethal weapons on the job.
- 8) Brutality in the performance of duties.
- 9) Reporting to work under the influence of alcohol or drugs or partaking of such while on duty. Prescribed medication may be taken within the limits set by a physician as long as medically necessary.
- 10) Engaging in incompatible employment or serving a conflicting interest.
- 11) Request or acceptance of gifts in exchange for favors or influence.
- 12) Engaging in political activity is prohibited by this Policy.

- 13) Harassment of an employee and/or the public on the basis of sex or any other protected class status.
- 14) Harassment of an employee or the public with threatening or obscene language and/or gestures or any incidence of workplace violence; or
- 15) Stated refusal to perform assigned duties, flagrant violation of work rules and regulations, or serious malfeasance of work.
- 16) Failure to provide the highest level of customer service to both external and internal customers.

VI. PRE-DISMISSAL CONFERENCE:

Before dismissal action is taken, whether for failure in personal conduct or failure in performance of duties, the Department Head or Town Manager (in the case of disciplinary action of a Department Head) will conduct a pre-dismissal conference. At this conference, the employee may present any response to the proposed dismissal to Department Head. The Department Head will consider the employee's response, if any, to the proposed dismissal, and will, within three workdays (24 hours) following the pre-dismissal conference, notify the employee in writing of the final decision after obtaining approval of the decision from the Town Manager. If the employee is dismissed, the notice shall contain a statement of the reasons for the action and the employee's appeal rights.

VII. NON-DISCIPLINARY SUSPENSION:

During the investigation, hearing, or trial of an employee on any criminal charge, or during an investigation related to alleged detrimental personal conduct, or during the course of any civil action involving an employee, when suspension would, in the opinion of the Department Head or the Town Manager, be in the best interest of the Town, the Department Head, with the approval of the Town Manager, may suspend the employee for part or all of the proceedings as a non-disciplinary action. In such cases, the Town Manager may:

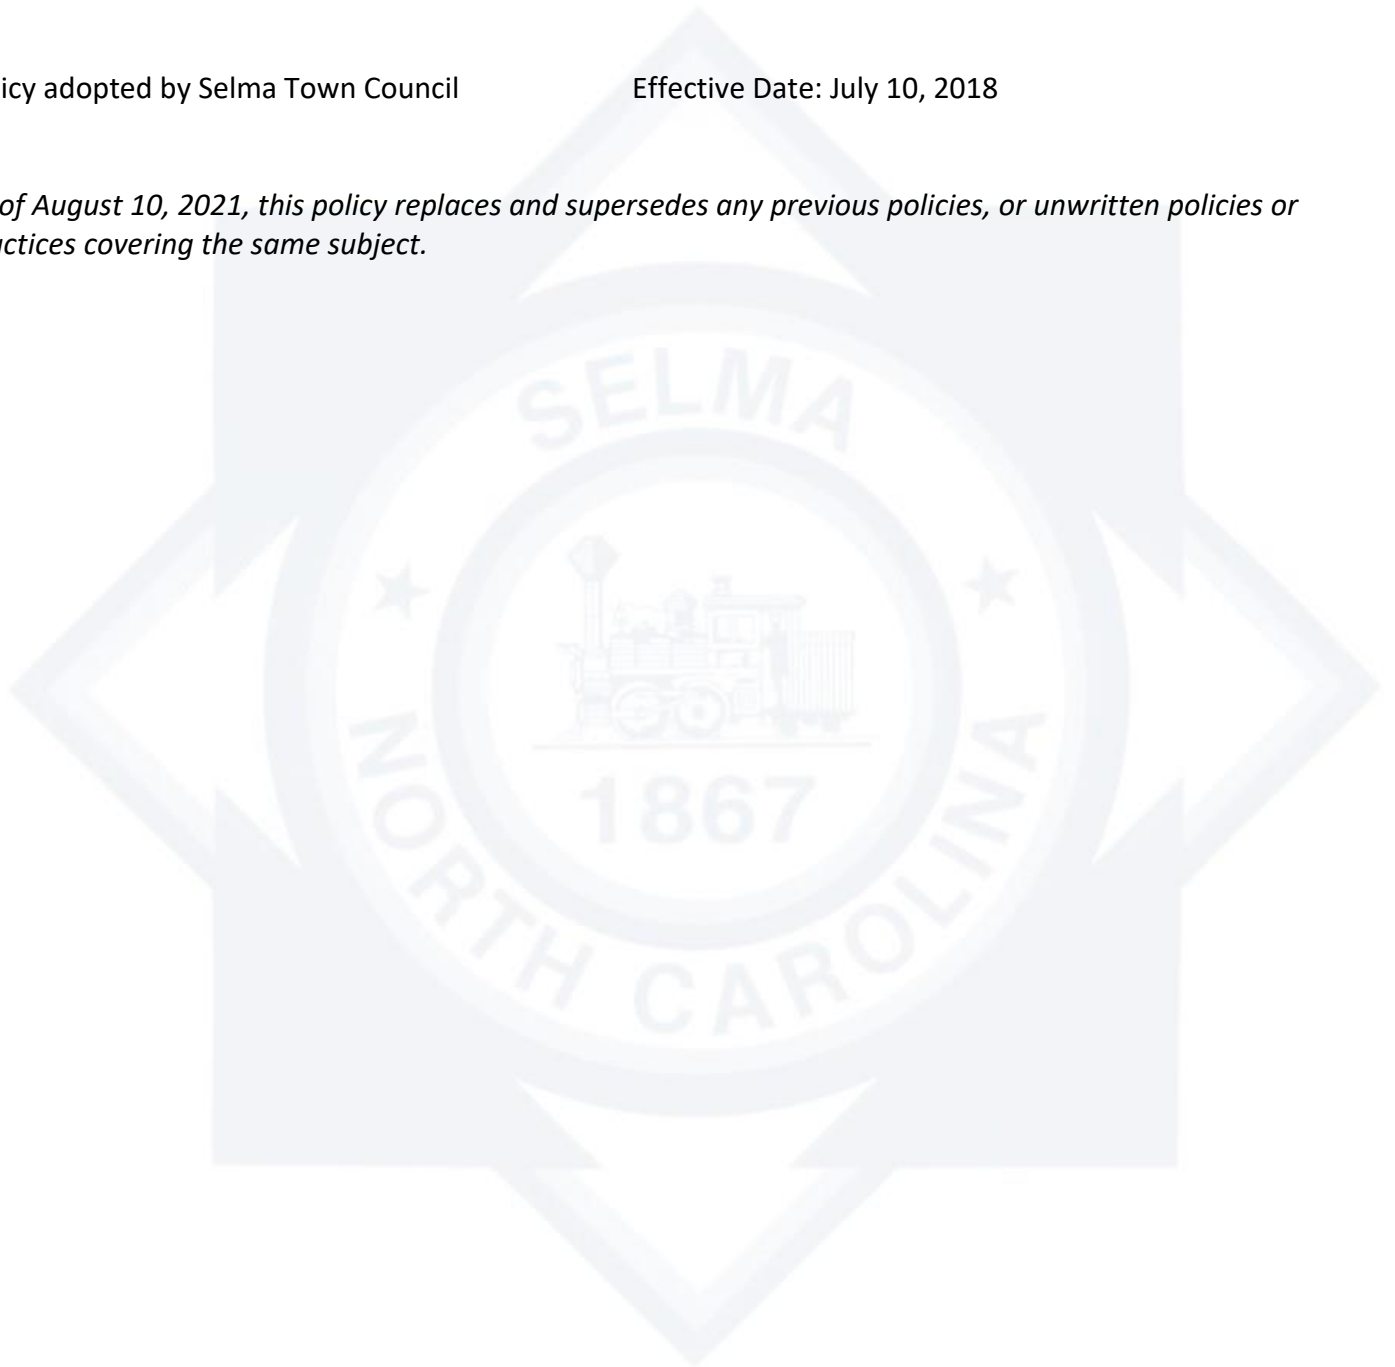

- 1) Temporarily relieve the employee of all duties and responsibilities and place the employee on paid or unpaid leave for the duration of the suspension, or
- 2) Assign the employee new duties and responsibilities and allow the employee to receive such compensation as is in keeping with the new duties and responsibilities.

If the employee is reinstated following the suspension such employee shall not lose any compensation or benefits to which otherwise the employee would have been entitled had the suspension not occurred. If the employee is terminated following suspension, the employee shall not be eligible for any pay from the date of suspension; provided, however, all other benefits with the exception of accrued vacation and sick leave shall be maintained during the period of suspension.

Policy adopted by Selma Town Council

Effective Date: July 10, 2018

As of August 10, 2021, this policy replaces and supersedes any previous policies, or unwritten policies or practices covering the same subject.

ARTICLE XXVI

SUBSTANCE ABUSE POLICY

I. POLICY:

The Town is committed to a drug-free workplace to maintain a safe and healthy working environment for employees and a productive, effective work force for the Town's citizens. The Town prohibits employees reporting to work with their ability to perform impaired by alcohol, illegal drugs, intentionally and inappropriately used prescriptions, over-the-counter drugs, or other chemicals and substances.

As part of its commitment to safeguard the health of its employees, to provide a safe place for its employees to work, and to promote a drug-free community, the Town of Selma (hereinafter "Town") establishes this policy on the use or abuse of alcohol and illegal drugs by its employees.

Substance abuse, while at work or otherwise, seriously endangers the safety of employees, as well as the general public, and creates a variety of workplace problems, including increased injuries on the job, increased absenteeism, increased health care and benefit costs, increased theft, decreased morale, decreased productivity, and a decline in the quality of services provided by the Town.

The Town has established this policy to detect users and remove abusers of alcohol and illegal drugs from the workplace. It is also the policy of the Town to prevent the use and/or presence of these substances in the workplace and to assist employees in overcoming any dependence on drugs and/or alcohol in accordance with the following guidelines.

II. PURPOSE:

The purpose of this policy is to communicate the Town's position on alcohol and drugs in the workplace and to provide guidance for the implementation of related programs.

III. PROVISIONS:

All Town employees are covered by this policy. As a condition of employment, employees are required to abide by the terms of this policy. This Substance Abuse Policy primarily governs actions in the areas of alcohol and drugs. Other Town policies may be applicable in these areas to the extent that they do not conflict with this policy.

Certain employees may be subject to additional requirements under State and/or Federal regulations.

All employees are to be informed of the Town's Substance Abuse Policy and be made aware of its contents. Employees shall be given a summary of the Town's Substance Abuse Policy and be required to sign an Acknowledgment of Receipt and Understanding.

All full-time and permanent part-time applicants shall be informed in writing of the Town's policy of pre-

employment testing and shall be required to sign an Applicant Drug Testing Consent Agreement prior to referral for a physical or drug test or an offer of hire.

Definitions

Illegal Drugs.

Drugs or controlled substances which are: (1) not legally obtainable or (2) legally obtainable but not obtained or used in a lawful manner. Examples include, but are not limited to, cocaine and marijuana, as well as prescription drugs which are not lawfully obtained or properly utilized. The term “illegal drug” also refers to mind-altering and/or addictive substances which are not sold as drugs or medicines but are used for mind or behavior altering effect.

Legal Drugs.

Those drugs prescribed or over-the-counter drugs which are legally obtained by the employee and used for the purpose for which they were prescribed and sold.

Town Property.

Includes work sites; parking lots; vehicles; offices owned, rented, utilized, or serviced by the Town or by any customer of the Town; employee-owned or employee-rented vehicles on the property of the Town or of any customer of the Town while on Town business; and locations where the employee represents the Town in any capacity.

On Duty.

Includes all working hours, as well as meal periods and break periods, regardless of whether or not on Town premises, and all hours when the employee represents the Town in any capacity.

IV. PROHIBITIONS:

Drug Use

The use, sale, purchase, possession, manufacture, distribution, or dispensing of illegal drugs on Town property or during work times is against Town policy and is cause for immediate discharge.

It is also against Town policy for any employee to report to work or to work with the presence of illegal drugs in his or her body. Employees who violate this policy are subject to disciplinary action, up to and including discharge.

Legal drugs may also affect the safety of the employee, co-workers, or members of the public. Therefore, any employee who is taking any legal drug which may impair safety, performance or any motor functions must advise his or her supervisor before reporting to work under such medication. A failure to do so may result in disciplinary action. Improper use of “legal drugs” is prohibited and may result in disciplinary action, up to and including discharge.

Refusal to submit to, efforts to tamper with, or failure to pass a drug test will result in disciplinary action,

up to and including discharge, and/or referral to the Town's Employee Assistance Program (EAP).

Alcohol Use

The consumption of alcohol on Town property or while on duty is prohibited and will result in disciplinary action, up to and including discharge. There may be occasions, however, removed from the usual work setting, at which it is permissible to consume alcohol in moderation with Town approval on Town property.

It is against Town policy to report to work or to work under the influence of alcohol.

An employee will be considered under the influence when, in the judgment of the employee's supervisor or other management official, and the employee's ability to perform the job safely and effectively is affected by the use of alcohol. An alcohol test by breathalyzer, blood test, or other scientifically acceptable method may be performed. An alcohol test of 0.04 or higher will be considered positive. If the results of the alcohol test are between 0.02 and 0.04, then the employee shall not be permitted to perform safety sensitive functions for 24 hours following the administration of the test.

Refusal to submit to, efforts to tamper with or failure to pass an alcohol test will result in a disciplinary action, up to and including discharge, and/or referral to the Town's EAP.

V. TESTING:

Pre-Employment Testing of Applicants

All full-time and permanent part-time applicants considered final candidates for a position will be tested for the presence of illegal drugs as a part of the application process.

These applicants will be advised of the Town's pre-employment testing requirements in writing prior to an offer of hire or referral for a physical. Applicants will be asked to sign the Applicant Drug Testing Consent Agreement. If an applicant refuses, he or she will not be considered for employment, and the employment application process will be terminated.

Any applicant who refuses to submit to, tampers with, or fails to pass the pre-employment drug test shall be ineligible for hire for a period of one year.

Reasonable Suspicion

All employees may be asked to submit to an alcohol and/or drug test if cause exists to indicate that their ability to perform work safely or effectively may be impaired. Testing for cause should be based on specific objective facts and reasonable inferences drawn from these facts in the light of experience. Testing for cause does not required certainty; however, mere "hunches" are not sufficient to meet this standard. Factors which could establish cause include, but are not limited to:

Direct observation of an individual who may be engaged in alcohol/drug-related activity:

- 1) A pattern of abnormal conduct.
- 2) Unusual, irrational, or erratic behavior.
- 3) Unexplained, increased, or excessive absenteeism or tardiness.
- 4) Sudden changes in work performance.
- 5) Repeated failure to follow instructions or operating procedures.
- 6) Violation of Town safety policies or failure to follow safe work practices.
- 7) Unexplained or excessive negligence or carelessness.
- 8) Discovery or presence of drugs in an employee's possession or near an employee's workplace.
- 9) Odor or residual odor due to drugs or alcohol.
- 10) Arrest or conviction for a drug-related crime.
- 11) Information provided either by reliable and credible sources or independently corroborated.
- 12) Evidence that an employee has tampered with a prior alcohol/drug test.

Commercial Driver's License (CDL) holders will be required to receive at least 60 minutes of training on alcohol misuse and at least 60 minutes of training on controlled substance use.

Alcohol testing is authorized only if the observations are made during, just before, or just after the period the driver is required to be in compliance. If a reasonable suspicion alcohol testing is not administered within two hours, the procedures followed in post-accident testing should be followed.

If a supervisor believes cause exists, the supervisor should report his or her findings and observations to the Town Manager or his designee. A written record must be made of the observations leading to an alcohol and/or controlled substances test and be signed by the supervisor who made the observations.

Random Testing

Employees holding a CDL will be required to submit to alcohol and drug testing on a random basis. Covered individuals will be informed in writing that they are subject to random testing due to the U.S. DOT Alcohol and Drug Testing regulations effective January 1, 1996.

Alcohol testing will be administered at a minimum annual rate of 50% of the average number of driver positions, will be unannounced, and will be spread reasonably throughout the calendar year. The drivers can be tested only during, immediately prior to, or immediately after they are required to be in compliance.

If the driver selected is on vacation or other leave, either another driver will be selected, or the original selection will be kept confidential until the driver returns to work.

Selection of employees for random testing shall be conducted through the use of a random number generator or other neutral selection process.

Post-Accident Testing

CDL employees may be tested for the presence of alcohol and/or drugs following an accident or other occurrence that involves one or more of the following covered events: (1) a fatality; (2) an injury to an employee or other individual; (3) substantial damage to vehicles; (4) substantial damage to other property; (5) and/or when the driver receives a citation for a moving traffic violation arising from an accident.

Supervisors will be held responsible to make sure that post-accident testing is done on employees per policy.

Follow-up Testing

Employees who have been determined to have used alcohol and/or illegal drugs and who have accepted the opportunity to enter a drug counseling or rehabilitation program will be subject to unannounced follow-up tests for a two-year period after returning to work or completion of any rehabilitation program, whichever is later. Before returning to duty an employee must render a 0.02 alcohol test and a verified negative result for controlled substances. They must also participate in any assistance program prescribed by a substance abuse professional.

Additional Testing

Additional testing may also be conducted as required by applicable state or federal laws, rules or regulations or as deemed necessary by the Town. CDL employees will be subject to a minimum of six follow-up-controlled substance and/or alcohol tests in the first 12 months. Upon initial implementation of this Substance Abuse Policy, all current employees will comply with testing as applicable.

Testing Procedures

The Town will determine for which drugs testing will be performed.

If the employee refuses to consent to testing, fails to appear for testing, tampers with the test, or fails to

cooperate with the testing procedures, he or she may be referred to the Town's EAP or may be discharged.

The Town will employ a very accurate testing program. Urine and blood samples and/or breathalyzer results will be analyzed by a highly qualified independent laboratory certified by the National Institute on Drug Abuse (NIDA) which has been selected by the Town. All urine samples will be tested according to the following sequence:

- 1) All urine samples will first be subjected to an initial screening process to detect the presence of illegal drugs.
- 2) Those samples having a negative screen (no illegal or illicitly used substances present) will be considered to have tested negative, and no further testing will be done on that sample.
- 3) Those samples that test positive on the first screen will be tested more extensively by means of Gas Chromatography/Mass Spectrometry (GC/MS) to eliminate any false-positive tests and confirm the presence of illegal drugs.

Employees who consent to testing will be informed of the results by the Town's designated Medical Review Officer (MRO) or the appropriate Town official. As set forth herein, a positive test will result in disciplinary action up to and including discharge or referral of the employee to the EAP.

Any employee who adulterates a specimen or who otherwise attempts to invalidate a test shall be terminated.

Urine collection procedures shall allow individual privacy unless there is reason to believe that a particular individual may adulterate or substitute the specimen to be provided, based upon knowledge of prior substance use (e.g., a previous positive test), or based upon the circumstances.

Employees who test positive may appeal the test result in accordance with the procedure listed herein.

Appeal of Confirmed Positive Test

After receipt of a report confirming a positive test result report from the testing laboratory, the Town's MRO will inform an employee of the positive test.

An employee may request and receive from the Town a copy of the test result report.

Within three (3) working days after receiving notice of a confirmed positive test result, the employee may submit information to the Town of its designated MRO explaining the positive test result and the reason(s) why the result does not constitute a violation of the Town's Substance Abuse Policy.

The employee may request that a retest be performed on the initial specimen by a NIDA-certified laboratory. The employee shall be responsible for all costs associated with conducting this retest.

Confidentiality

Results of an applicant's or employee's test for the use of illegal drugs or alcohol shall be given to the Town Manager or his designee. In order to effectively address the employees with drug or alcohol problems, it will be necessary for the Town Manager to consult with other persons in the process; however, results will be disseminated to others on a need-to-know basis only.

VI. RESPONSES AND SANCTIONS:

Disciplinary Action

In the case of a first-time violation of the Town's Substance Abuse Policy, including a positive drug or alcohol test result (without evidence of use, sale, possession, distribution, or purchase of drugs or alcohol on Town property or while on duty), the following will apply:

- 1) The employee will receive a written warning and be referred to the EAP.
- 2) The employee must contact the Town's EAP within 24 hours and participate in professional drug and/or alcohol evaluation, counseling and/or rehabilitation as prescribed by the EAP. The employee must cooperate with the EAP staff in carrying out its responsibility to coordinate the evaluation, counseling, treatment, and follow-up process.
- 3) Employees who: (1) do not cooperate with the EAP; (2) refuse to participate in or do not satisfactorily complete a drug or alcohol abuse assistance or rehabilitation program; or (3) subsequently violate this policy will be discharged.
- 4) The employee may require in-patient or out-patient treatment. If in-patient treatment is required, the employee will be placed on Leave Without Pay during his or her absence after the employee has exhausted all paid leave. Any leave may apply toward the employee's Family Medical Leave benefit if applicable.
- 5) Any employee referred to the EAP for alcohol and/or drug use must sign a Last Chance Agreement prior to returning to work and agree to submit to unannounced alcohol and/or drug testing for a period of up to two (2) years.
- 6) After signing the Last Chance Agreement and before returning to work, the employee must also comply with Chapter 3, Section 5 – Follow-up Testing and Section 6 – Additional Testing.

The Town may suspend employees under this policy pending the results of an alcohol and/or drug test or investigation.

Any employee having a second positive alcohol and/or drug test during his or her employment with the Town will be discharged.

Any employee using, selling, purchasing, possessing, distributing, or dispensing drugs or alcohol while on duty or on Town property will be subject to disciplinary action, up to and including discharge.

Employee Assistance Program (EAP)

The Town regards its employees as its most important asset. Accordingly, the Town maintains an EAP which provides help to employees who suffer from alcohol or drug abuse and/or other personal or emotional problems. Employees with such problems should seek confidential assistance from the EAP or other community resources before drug or alcohol problems lead to disciplinary action.

Employees referred to the EAP as a result of a violation of the Town's Substance Abuse Policy may continue their employment with the Town provided:

- 1) They contact the EAP and strictly adhere to all the terms of treatment and counseling prescribed by the EAP.
- 2) Immediately cease any and all use of alcohol and/or drugs; and
- 3) Consent in writing to periodic unannounced testing for a period of up to two (2) years after returning to work or completion of any rehabilitation program, whichever is later, and comply with Chapter 3, Section 5 – Follow-up Testing and Section 6 – Additional Testing.

In keeping with the Town's need for safety and security, the Town Manager will determine whether the Town should grant a leave of absence or reassign an employee following a positive test or during the period of evaluation, treatment, or counseling.

Participating in any evaluation, treatment, or counseling program will be at the employee's expense unless the employee is entitled to such benefits under the terms of the Town's group health plan or by other available benefits. Time lost from work for such a program shall be without pay after the employee has exhausted all paid leave and any leave may apply toward the Family Medical Leave Act benefit where applicable.

Investigations

To ensure that illegal drugs and alcohol do not enter or affect the workplace, the Town reserves the right to search all vehicles, containers, lockers, or other items on Town property in furtherance of this policy. Individuals may be requested to display personal property for visual inspection upon Town request.

Searches will be conducted under this policy only when the Town management has reason to believe that the employee has violated the Town's Substance Abuse Policy.

Failure to consent to a search or to display personal property for visual inspection will be grounds for

discharge or denial of access to Town premises.

Arrest or Conviction for Drug-Related Crime

If an employee is arrested for or convicted of a drug-related crime, the Town management will investigate all of the circumstances, and Town officials may utilize the drug-testing procedure if cause is established by the investigation. In most cases, an arrest for a drug-related crime constitutes cause under this policy.

As a condition of employment, an employee shall notify the Town of any criminal drug statute conviction for a violation which occurred on Town premises. The employee must give notice in writing to the Town within five (5) days of such conviction.

VII. DRUG-FREE AWARENESS PROGRAM

Implementation

The Town will conduct drug-free awareness programs on a regular basis. These programs will inform employees about the following:

- 1) The dangers of drug and alcohol abuse in the workplace.
- 2) The Town's policy of maintaining a drug and alcohol-free workplace.
- 3) Available drug and alcohol counseling, rehabilitation, and employee assistance programs; and
- 4) The sanctions that may be imposed for alcohol and drug-abuse violations.

Assistance Available

Adherence to this Policy will improve the indoor air quality, reduce fire hazards, and minimize any health risks or facilities' damage associated with smoking.

II. PURPOSE:

Because smoking and side stream smoke can be annoying and pose a significant risk to the health of both smokers and non-smokers, the Town of Selma is committed to providing a healthy, smoke-free work environment for its employees.

III. PROVISIONS:

- 1) For the purpose of this Policy, "smoking" shall mean the inhaling, exhaling, burning, or carrying a lighted pipe, cigar, cigarette, e-cigarette, or other combustible tobacco product.

Violations of Policy

Enforcement of this Policy shall be the responsibility of each Department Head. Any violation of this Policy may result in disciplinary action up to and including termination.

ARTICLE XXVIII

CRIMINAL BACKGROUND CHECK POLICY AND CRIMINAL CHARGES/CONVICTIONS REPORTING PROCEDURES

I. POLICY:

Many jobs held by Town of Selma employees are identified as security sensitive. Employees in these positions affect the health of others, the safety of others, and/or evoke a high degree of trust and confidence.

The Town of Selma seeks to hire qualified individuals to limit its risk of hiring unsuitable employees and to safeguard its assets, current employees, and the public.

II. PURPOSE:

This Policy will assist in reaching that goal by requiring that all volunteers and final candidates for employment are subject to pre-employment background checks and will require that current employees be checked as outlined and be required to report any criminal charges and convictions.

III. PROVISIONS:

It shall be the Human Resources Director's responsibility to obtain and evaluate all background checks within the guidelines described in this Policy. The Town Manager will be the final authority on all volunteers/candidates/employees disqualified as a result of a background check.

- 1) The Town of Selma's job opportunity advertisement will include a statement that a background check is required on all volunteers and final candidates upon a conditional offer of employment with the Town of Selma.
- 2) The Human Resources Director is responsible for determining the job duties for which an additional background check is conducted and is responsible for ensuring there is a job-related need for conducting the additional checks.

Background checks will be conducted on all new volunteers and all final job candidates who have been extended a "Conditional Offer of Employment" for any position with the Town of Selma and on current employees as stipulated. Volunteers for Town committees and elected officials will be excluded from this Policy.

- 1) The North Carolina Department of Justice sets the qualifications for the employment and retention of police officers including but not limited to standards addressing the minimum age, education, physical standards and mental status, citizenship, and moral character (N.C.G.S. §17C-10). In addition, Chapter 12 of the North Carolina Administrative Code controls the extent, scope and use of a background investigation and further places specific eligibility limitations on an applicant's prior criminal and motor vehicle history. In the event that one of the mandatory State standards conflicts with this Policy, the

State standard shall control and shall be followed by that of the Town of Selma and the Selma Police Department.

- 2) This Policy shall provide for fair and unbiased treatment regardless of gender, race, color, disability, national origin, marital status, religion, or other protected class. Background checks will be conducted in compliance with all Federal and State statutes to include the Fair Credit Reporting Act (FCRA), American Disabilities Act (ADA), and the Municipal Records Retention Schedule. This Policy will be consistent with the guidelines requiring organizations to obtain a volunteer's/candidate's/employee's written authorization before conducting a background check, to properly notify the volunteer/candidate/employee of the results, and to store and/or dispose of the information derived from such reports.
- 3) The Town of Selma will ensure that all information obtained from the background check process will only be used as part of the employment process and kept strictly confidential according to the FCRA. Those having knowledge of the specific results will be limited to the volunteer/candidate/employee, the Human Resources Director, and the Town Manager.

IV. SCOPE

Volunteers and Final Candidates

The Town of Selma requires a background check for all full-time, part-time, temporary, intern, or volunteer applicants at the point of a conditional offer of employment being extended.

Prior to conducting the pre-employment background check the following must be presented to and completed by the volunteer or final candidate:

- 1) Application to Volunteer or a Town of Selma Employment Application with all signature lines completed.
- 2) Applicant's Authorization and Consent for Release of Information Form.
- 3) The Summary of Rights under the Fair Credit Reporting Act and Consumer Notification.

The Town staff has been authorized to conduct some types of background checks. All other background checks will be conducted by an approved vendor under contract with the Town of Selma and results provided within a reasonable timeframe.

Confirmation that the candidate has the degree or educational level as stated on their résumé or application may be conducted through the approved background checking vendor or the candidate may be required to submit an official transcript. Official transcripts must be received in a sealed envelope from the college, university or school system in question and must be a certified copy.

The information that will be collected as part of the final candidate's background check will include an employment history check, social security verification, education verification, and a criminal conviction

records check.

- 1) Extended background investigations will be conducted for candidates who are to be in jobs where Town funds are handled, where the employee will have access to credit card account numbers, and when they will have significant supervisory and management duties. These extended background checks include a credit report investigation in addition to those of a final candidate check.
- 2) Candidates for employment whose job duties will require them to drive Town vehicles or drive as part of their employment will be subject to a motor vehicle records check in addition to those of a final candidate check.
- 3) Candidates for employment when the job duties include entering a private household, interaction with children, or other related duties will be subject to a national sexual offender registry check in addition to the other checks required.

The information that will be collected as part of a Recreation volunteer's background check will include a criminal conviction records check, national sex offender registry check, and a motor vehicle records check if they will be required to drive Town vehicles.

The information that will be collected as part of a Volunteer Fireman's background check will include a criminal conviction records check and a motor vehicle records check.

Upon receipt of the results of the background check, the Human Resources Manager determines whether the volunteer/candidate is to be qualified or disqualified for employment. The Town Manager will be the final authority on disqualifying all volunteers/candidates/employees.

If a volunteer or candidate is found at any point of the hiring process to have deliberately withheld information with the intent to mislead or is found to have falsified information pertaining to previous convictions, education, employment history, or any information deemed pertinent to employment, the applicant will be disqualified from further employment consideration in any position with the Town due to falsification of an employment application; or if this is discovered post-employment, the employee will be terminated.

Other adverse results of the background check will not be used as a basis for denying employment unless the denial of employment is determined to be due to job-related issues or business necessity. The factors to be considered in determining whether to hire the volunteer or candidate whose background check reveals adverse results are the nature, severity, and intentionality of the offense(s) including but not limited to:

- 2) Statutory elements of the offense (rather than the individual's account of the facts of the offense).
- 3) Age at the time of the offense(s).

- 4) Number and type of offenses (felony, misdemeanor, traffic, other).
- 5) Time elapsed since the last offense.
- 6) Probation or parole status.
- 7) Whether the circumstances arose out of an employment situation.
- 8) If there is a pattern of offenses; and
- 9) Whether hiring the volunteer/candidate would pose a risk to the Town.

Additionally, the duties, responsibilities and circumstances of the position applied for including but not limited to would also be considered:

- 1) The nature and scope of the position, including key access to residential facilities or other facilities, access to cash, access to vulnerable populations including minor children.
- 2) The nature and scope of the position's contact with children, the public or other interpersonal contact.
- 3) The nature and scope of the position's autonomy and discretionary authority.
- 4) The amount and type of supervision received in the position or provided to subordinate staff.
- 5) The sensitive nature of the data or records maintained or to which the position has access.
- 6) The extent to which the position holds a measure of fiscal responsibility.
- 7) The opportunity presented for committing additional offenses; and
- 8) The extent to which acceptable job performance requires the trust and confidence of the Town or the public.

Professional discretion and consistent application will be used to ensure that only job-related or business necessity disqualifications occur (i.e., a fraud or embezzlement conviction of a finance employee, applicant, a sexual harassment judgment against a supervisory candidate).

Before taking an adverse action that is based in whole or in part on the information collected as part of the pre-employment background check, the volunteer or candidate must be notified and informed of the adverse results of the check.

In the event that disqualifying information is revealed during the background check process, applicants shall be notified in writing by certified mail that the conditional offer of employment is being withdrawn.

Applicants shall have the right to appeal the disqualifying decision to the Town Manager in writing within five (5) business days from the date of receipt of the rejection notification letter.

Current Employees

Employees of the Town of Selma who are promoted or transferred to other positions within Town employment, who were not already subject to the extended background check provisions of this Policy, shall be required to have an extended background check prior to moving into the position if the position is identified as a security sensitive position as defined in Chapter 1, Section 2 of this Appendix A.

The Town shall have the right to conduct a background check on any current employee for reasonable suspicion or cause and to conduct annual motor vehicle records checks on employees who drive Town vehicles or are required to drive as part of his or her employment. Employees will be notified in writing of the convictions/charges found in a background check.

Criminal Charges/Convictions Reporting Procedures

All employees, beginning on the effective date of this Policy, are required to report any criminal or civil charge or conviction to the Human Resources Manager or the Town Manager by the end of the following business day of the charge or conviction, not to exceed 48 hours. A written statement will be taken from the employee.

Charges/Convictions to be reported include but are not limited to:

- 1) Detention.

- 3) Civil summons.
- 4) Expired driver's license.
- 5) Warrant for arrest.
- 6) Order for arrest; and/or
- 7) Traffic violations, excluding minor citations

Charges/Convictions shall be evaluated in terms of the nature of the essential job functions versus the charge/conviction to determine disciplinary action or continued employment.

Non-Compliance Penalties and Appeals

Employees failing to submit to a background check for reasonable suspicion or cause, yearly motor vehicle records checks, if applicable, or failure to report charges or convictions shall receive disciplinary action up to and including termination from employment.

Employees shall have the right to appeal any disciplinary action or employment decisions related to convictions/charges using the guidelines set forth in the Town of Selma's Personnel Policy, Grievance Procedures.

V. RECORDKEEPING:

Maintenance of Records

Evidence that a background check was conducted, the date and type of check, and a sufficient record of a disqualifying outcome will be maintained. A copy of the disqualification notification to the volunteer or candidate, and the background check record will be sealed and retained in the position vacancy file.

All Town technology resources are the property of the Town and are provided to enable employees and officials to provide services in a timely, efficient, and effective manner. Any activity, use, or action that is inconsistent with this Policy is prohibited. Because technology systems are constantly evolving, the Town of Selma requires all employees to use a commonsense approach to the rules set forth in this Policy, complying with not only the letter but also the intent of this Policy.

This policy is intended for internal use by all Town employees defined as full-time, part-time, and temporary. Failure to adhere to this Policy places the employee at risk for legal liabilities, potential embarrassment, and disciplinary action, up to and including dismissal.

The Town has the right to monitor and log any and all aspects of its computer system and equipment including but not limited to Internet sites visited by users, file downloads and all communications sent and received by users in any form. All communication system users acknowledge that the Town may, at its discretion, inspect, use, audit, or disclose any electronic communications and/or data without notice to the employee. Employees must also be aware that the Town may utilize monitoring software that makes it possible to identify and block access to Internet sites that it deems inappropriate in the workplace in order to administer this Policy.

All employees should be aware that electronic communication is a public record like any other public document in accordance with North Carolina Public Records Laws (NCGS §132). Therefore, any communications created or received on the Town's computer system are to be assumed to be public documents and thus may be subject to legal requests for public disclosure, including what users may incorrectly think of as personal and private. At all times when an employee is using the Town of Selma's technology or technology resources, he or she is representing the Town. Treat others as you wish to be treated.

Personal use should be limited, and personal long distance calls on landlines are prohibited. Personal use is deemed excessive use when it prevents an employee from managing customer inquiries, complaints, and requests for service in a timely manner or if it interferes with the employee's ability to accomplish his or her responsibilities.

The use of cellular phones while driving Town-owned vehicles is potentially hazardous and is prohibited, unless using a hands-free device.

If personal email accounts are accessed through Town-owned equipment, they are subject to the requirements of this Policy and become public record.

As of August 10, 2021, this policy replaces and supersedes any previous policies, or unwritten policies or practices covering the same subject.

ARTICLE XXX

SOCIAL MEDIA POLICY

I. POLICY:

The Town of Selma recognizes that employees may choose to express themselves by posting personal information on the Internet through personal websites, blogs, or chat rooms; by uploading content; or by posting comments on other websites or blogs (blogging or other forms of social media or technology include, but are not limited to, video or wiki postings, social networking sites such as Facebook and Twitter, chat rooms, YouTube, personal blogs or other similar forms of online journals, diaries, or personal newsletters not affiliated with the Town.

The Town respects the right of employees to use blogs and social media sites on their own time as a medium of self-expression and public conversation and does not discriminate against employees who use these media for personal interests and affiliations or for other lawful purposes. However, employees are encouraged to exercise sound judgment and discretion in contributing to social media sites where information is available to numerous users. This is especially encouraged on personal sites to ensure a distinct separation between personal and organizational views as inappropriate usage of social media may be grounds for disciplinary action. Employees are expected to follow the guidelines and policies set forth in this document to provide a clear line between themselves as an individual and as an employee.

Inappropriate postings that may include discriminatory remarks, harassment, and threats of violence or similar inappropriate or unlawful conduct will not be tolerated and may subject the employee to disciplinary action up to and including termination.

II. PURPOSE

This Social Media Policy is intended to provide guidance to Selma employees or contractors in the implementation of social media applications in order to (1) prevent violation of existing Town policies, public records retention policies, or confidential personnel information; (2) utilize technology to support the Town's communication needs; (3) ensure appropriate review by Town Management staff; and (4) protect against the inadvertent establishment of a public forum.

III. PROVISIONS:

A. Required Disclaimer

Employees are legally responsible for content they post to the Internet, in a blog or otherwise, and can be held personally liable for defaming others and/or revealing confidential information.

If an employee chooses to identify himself/herself as a Town of Selma employee, some readers may view them as a spokesperson for the Town; thus, employees who choose to identify themselves in this way are required to clearly include the following statement, or substantially similar language, somewhere within

the social networking page:

“The views expressed on this page are my own and not those of the Town of Selma, nor of any person or organization affiliated or doing business with the Town of Selma.”

B. Guidelines for Personnel Use

While the Town encourages its employees to enjoy and make productive use of their personal time, certain activities on the part of employees may become a concern if they have the effect of impairing the work of any employee or Town department; harassing, demeaning, or creating a hostile working environment for any employee; or disrupting the smooth and orderly flow of work within the organization.

In the area of blogging or social media (as defined above), employees may use such media in any way they choose as long as such use does not produce the adverse consequences noted above for the Town. For this reason, the Town of Selma advises its employees that the following guidelines apply in their use of social media on their own personal time and personal computer resources.

- (1)** If an employee publishes any personal information about themselves, another employee of the Town, the organization or citizen in any public medium that:
 - a.** Creates a harassing, demeaning, or hostile working environment for any Town official, employee, or contractor.
 - b.** Disrupts the Town’s smooth and orderly flow of work.

the employee(s) responsible may be subject to counseling and/or disciplinary action, up to and potentially including termination of employment, depending upon the severity and repeat nature of the offense.
- (2)** Employees are further prohibited from the following in connection with social media:
 - a.** Using blogs or social networking sites to harass, threaten, discriminate against Town officials, employees, or anyone associated with or doing business with the Town.

(3) Use of social media that involves any kind of criminal activity or harms the rights of others may result in criminal prosecution or civil liability to those harmed, or both. Individuals may be legally responsible for content they post and held personally liable for defaming others and/or revealing confidential information.

(4) Employees are reminded that personal postings may not only be read by friends and family but also by co-workers, supervisors, Town residents, and the media. An online identity can be discovered relatively easily even if posting anonymously or under a pseudonym, therefore employees should exercise caution when deciding what to include in a post or comment.

(5) The Town may require immediate removal of, and impose discipline for, material that violates the standards of this policy.

(6) Misuse of social media off-duty is grounds for disciplinary action, up to and including termination.

(7) Personal use of social media while on the clock is prohibited.

(8) This policy shall not be construed to prohibit any activities that constitute legally protected activities or constitutionally protected speech. Further, the First Amendment allows public employees broad, but not unlimited, discretion to speak on matters of public concern within the scope of their employment. Employees' speech is of public concern when it deals with issues of social, political, or other interest to the community at large and where the public is likely to be truly concerned or interested in the public employee's message. However, this protection is not absolute and must be balanced against the Town's interest in providing effective and efficient services to the public.

C. Employer Monitoring of Personal Use

Employees should have no expectation of privacy while using the Internet. Postings can be reviewed by anyone, including Department Heads and contracted IT personnel. In addition, the Town reserves the right to lawfully and respectfully monitor social media postings and other online activities for compliance with Town policies. Monitoring can occur through multiple methods, such as staff "friending" one another or a citizen bringing inappropriate material from an employee's posting to the attention of the Town. The Town further reserves the right to use search tools and software to monitor blogs, other types of personal journals, and discussion forums.

D. Reporting Violations

Employees are encouraged to report any violations, including possible or perceived violations, to supervisors, Department Heads, or Human Resources. Violations include but are not limited to the areas identified in this policy, discussions of the Town and its employees or vendors, discussion of proprietary information, and any other unlawful activity related to blogging or social networking.

E. Discipline for Violations

The Town will investigate and respond to reports of violations of the rules and guidelines set forth in this policy and other related policies. Violation of the Town's Social Media Policy will result in disciplinary action up to and including immediate termination. The Town reserves the right to take legal action where necessary against employees who engage in prohibited or unlawful conduct.

F. Scope of Social Media Use by the Town

The Town of Selma's primary website (www.selma-nc.com) and Facebook Page will remain as the primary and predominant internet presence for the Town. The Town may engage in social media to achieve certain business and communication goals including disseminating time-sensitive information such as during public safety emergencies; marketing/promoting Town services and products; and encouraging public input for Town projects, programs, and initiatives. Whenever possible, content posted to these additional social media sites should also be available on the Town's main website or contain links directly to the Town's main website.

ARTICLE XXXI CELL PHONE POLICY

I. POLICY:

This policy establishes a program for managing cell phone use and for explaining the different cell phone options available to the employees of the Town of Selma. Each Department Head will determine the cell phone needs of their department.

II. PURPOSE:

Cell phone technology is a valuable communication tool and is integral to the operations of the Town of Selma. The voice functionality of cell phones combined with other cell features, such as messaging and access to numerous online resources, establishes the cell phone as a necessary and effective tool for certain employees of the Town of Selma.

III. PROVISIONS:

Department Heads must establish the need for a cell phone for each employee. All requests for cell service or benefits must be approved by each Department's respective Department Head. The Town of Selma has developed a program to offer choices to employees based on the departmental need for cell phones within their current job requirements. Based on the program below, employees approved for cell phone usage may request the most appropriate option.

Definitions

1. **Standard Phone:** A cell phone with the standard features to allow voice calling.
2. **Smartphone:** A mobile phone offering advanced capabilities beyond a typical cell phone, often with PC-like functionality. These advanced capabilities usually include email and Internet functionality and normally require a data package to be purchased with the service provider's plan. At a minimum the Smartphone must be capable of sending and receiving messages through the Town email server.
3. **Stipend:** A taxable sum of money paid on a regular basis included in an employee's paycheck.

IV. Options

The Town of Selma has developed a program to offer choices to employees based on their need for cell phones within their current job requirements. Based on the program below, employees approved for cell phone usage may request the most appropriate option. Department Heads must establish the need for a cell phone for each employee. All requests for cell service or benefits must be approved by each Department's respective Department Head.

Option One – Town-Owned Cell Phone:

This option is for employees that prefer to use a Town-owned cell phone. The cost of the cell phone and all necessary equipment is paid by the Town. This program is managed by the Administration Department and the cell service and phone models used will be determined by the Administration Department. The Department Head is responsible for determining whether the employee requires a Standard Phone or a Smartphone. The cell phone is to be used for Town business only.

Option Two – Stipends:

This option is for Department Heads, who determine it is in the best interest of the operation of their department, for the employee to provide their own cell phone and receive a Stipend in their regular bi-weekly check. The cost of the phone, plan, accessories, maintenance, etc. is paid by the employee. The Department Head is responsible for determining which Stipend the employee will receive. There are two levels of Stipends.

Level one: Department Head - \$80 per month before taxes
(\$36.92 per pay period before taxes for 26 pay periods.)
Formula ($\$80 \times 12 = \960 ; $\$960 / 26 = \36.92)

Level two: Regular Employee - \$45 per month before taxes
(\$20.77 per pay period before taxes for 26 pay periods.)
Formula ($\$45 \times 12 = \540 ; $\$540 / 26 = \20.77)

Basis of Stipends

This procedure is not intended to cover the full cost of an employee-owned wireless communication device. It does intend to cover the prorated cost for business use so that the Town maintains responsibility for payment of its operational cost incurred by its employees.

An employee is not eligible for a Stipend and a Town-owned device for the same time period. Any employee receiving a Stipend agrees to allow the Town to publish their number for business purposes and to accept business calls and/or messages on the phone.

Employee and carrier are responsible for technical support of the cell phone, plan, and functionality. Employee will be responsible for all costs related to the device, including accessories or repairs.

Employee must retain an active cell phone as long as a Stipend is in place. Proof of coverage may be requested at any time.

The Administration Department must be consulted before choosing a Smartphone to verify compatible networks, license, and software and to help setup the interface to Town email.

If the Town should terminate an employee's Stipend for any reason, the Town shall not be responsible for any costs or fees associated with ongoing service costs or contract termination fees.

Establishing New Service

Department Heads or their Designees should evaluate those employees that require cell phones. After making this decision, the Department Head or Designee must determine which option the employee will need. The Department Head must submit a cell phone/Stipend request form to the Administration Department for processing and identify available budget funds.

Repairs, Replacement and Services

When an employee who is on the Town's cell phone plan needs to have the cell phone serviced for any reason, he/she must come to the Administration Department to have the issue handled. If the employee has chosen a Stipend, then they will need to contact their cell service provider.

Accountability and Public Record

All wireless communication devices and accessories purchased by the Town remain the property of the Town. All cell phone activity with a Town-owned cell phone is deemed to be public record unless explicitly exempt under law. Employees who receive a cell phone Stipend should note that Town related business may be public record unless explicitly exempt under law. If an employee separates from the Town, the Town-owned cell phone and accessories must be returned immediately to the Administration Department. If a wireless cell phone is no longer needed, the Supervisor, Department Head or Designee must notify the Administration Department so the service can be discontinued.

Payment

Any Stipend will be paid through the Town's payroll system as taxable income. The Stipend will be discontinued when an employee: (1) remains in a paid or unpaid leave status for more than two payroll periods; (2) is assigned a Town-owned cell phone; (3) is terminated; or (4) is determined by the Department Head to no longer require a cell phone.

Cell Phone Safety

- Employees should always use proper safety procedures when using a cell phone, especially while performing job duties.
- Employees should not use cell phones or other electronic devices while driving or operating equipment.
- Employees in possession of a Town cell phone should always keep the cell phone secure and well-maintained to prevent damage.

Employees should adhere to all federal, state, and local laws regarding cell phone use.

I. POLICY:

All separations of employees from positions in the service of the Town shall be designated as one of the following types and shall be accomplished in the manner indicated: resignation, reduction in force, disability, voluntary retirement, dismissal, or death.

II. PROVISIONS:

Resignation

An employee may resign by submitting the reasons for resignation and the effective date in writing to the immediate supervisor as far in advance as possible. In all instances, the minimum notice requirement is two weeks. Failure to provide minimum notice shall result in the forfeit of payment for accumulated vacation unless the notification requirement is waived upon recommendation of the Department Head and approval by the Town Manager. Thirty days' notice is expected of Department Heads.

Three consecutive days of absence without contacting the immediate supervisor or Department Head may be considered a voluntary resignation. Sick leave will only be approved during the final two weeks of a notice with a physician's certification or comparable documentation.

Reduction in Force

In the event that a reduction in force becomes necessary, consideration shall be given to the quality of each employee's performance, organizational needs, and seniority in determining those employees to be retained. Employees who are separated because of a reduction in force shall be given at least two weeks' notice of the anticipated action. No regular employee shall be separated because of a reduction in force while there are temporary or probationary employees serving in the same class in the department, unless the regular employee is not willing to transfer to the position held by the temporary or probationary employee.

Disability

The Town will comply with the Americans with Disabilities Act (ADA) and will make all responsible efforts to provide reasonable accommodation to employees who may be or may become disabled. An employee who cannot perform the essential duties of a position because of a physical or mental impairment may be separated for disability. Action may be initiated by the employee or the Town. In cases initiated by the employee, such action must be accompanied by medical evidence acceptable to the Town Manager. The Town may require an examination, at the Town's expense, performed by a physician of the Town's choice.

Employees who meet the requirements of the North Carolina Local Government Employees' Retirement System may qualify for a disability retirement. Information about this option is available from the Human Resources Manager or the Retirement System.

Voluntary Retirement

An employee who meets the conditions set forth under the provisions of the North Carolina Local Governmental Employees' Retirement System may elect to retire and receive all benefits earned under the retirement plan.

Death

Separation shall be effective as of the date of death. All compensation due shall be paid to the estate of the deceased employee.

Dismissal

An employee may be dismissed in accordance with the provisions and procedures of set forth in the Unsatisfactory Job Performance and Detrimental Personal Conduct Policy.

Reinstatement

An employee who is separated because of a reduction in force or who resigns while in good standing may be reinstated within one year of the date of separation, upon recommendation of the Department Head, and upon approval of the Town Manager. An employee who is reinstated in this manner shall be re-credited with his or her previously accrued sick leave.

Rehiring

An employee who resigns while in good standing may be rehired with the approval of the Town Manager, and may be regarded as a new employee, subject to all of the provisions of rules and regulations of this Personnel Policy. An employee in good standing who is separated due to a reduction in force shall be given the first opportunity to be rehired in the same or a similar position.

ARTICLE XXXIII

GRIEVANCE PROCEDURE POLICY

I. POLICY:

It is the policy of the Town to provide a just procedure for the presentation, consideration, and disposition of employee grievances. The purpose of this Article is to outline the procedure and to assure all employees that a response to their complaints and grievances will be prompt and fair. The Human Resources Director will be available to assist all parties with the procedures during the grievance process.

Employees utilizing the grievance procedures shall not be subjected to retaliation or any form of harassment from supervisors or employees for exercising their rights under this this Personnel Policy. Supervisors or other employees who violate this Personnel Policy shall be subject to disciplinary action up to and including dismissal from Town service.

II. PURPOSE:

Every employee shall have the right to present his/her problem or grievance in accordance with these procedures, free from interference, coercion, restraint, discrimination, penalty, or reprisal. This includes any cause for dissatisfaction outside the employee's control or anything connected with his/her job that he/she thinks or feels is wrong.

III. PROVISIONS:

A grievance is a claim or complaint by a current or a former employee based upon an event or condition, which affects the circumstances under which an employee works, allegedly caused by misinterpretation, unfair application, or lack of established policy pertaining to employment conditions.

Purposes of the Grievance Procedure

The purposes of the grievance procedure include, but are not limited to:

- 1) Providing employees with a procedure by which their complaints can be considered promptly, fairly, and without reprisal.
- 2) Encouraging employees to express themselves about the conditions of work which affect them as employees.
- 3) Promoting better understanding of policies, practices, and procedures which affect employees.

- 4) Increasing employees' confidence that personnel actions taken are in accordance with established, fair, and uniform policies and procedures.
- 5) Increasing the sense of responsibility exercised by supervisors in dealing with their employees.
- 6) Encouraging conflicts to be resolved between employees and supervisors who must maintain an effective future working relationship, and therefore, encouraging conflicts to be resolved at the lowest level possible of the chain of command; and
- 7) Creating a work environment free of continuing conflicts, disagreements, and negative feelings about the Town or its leaders, thus freeing up employee motivation, productivity, and creativity.

Grievance Procedure

When an employee has a grievance, the following successive steps are to be taken unless otherwise provided. The number of calendar days indicated for each step should be considered the maximum, unless otherwise provided, and every effort should be made to expedite the process. However, the time limits set forth may be extended by mutual consent. The last step initiated by an employee shall be the step at which the grievance is resolved. A decision to rescind a disciplinary suspension or demotion must be approved by the Department Head or Town Manager and rescinding a dismissal must be approved by the Town Manager before the decision becomes effective.

Informal Resolution.

Prior to the submission of a formal grievance, the employee and supervisor should meet to discuss the problem and seek to resolve it informally. Either the employee or the supervisor may involve the respective Department Head or the Human Resources Director as a resource to help resolve the grievance.

In some instances, if both parties agree, and with the approval of the Town Manager, the parties may request mediation assistance from a neutral party to assist in identifying mutually agreeable solutions or understandings. Mediation may be used at any step in the process if agreed to by the parties and with the approval of the Town Manager.

Step 1. If no resolution to the grievance is reached informally, the employee who wishes to pursue a grievance shall present the grievance to the appropriate supervisor in writing. The grievance must be presented within fifteen calendar days of the event or within fifteen calendar days of learning of the event or condition. The supervisor shall respond to the grievance within ten calendar days after receipt of the grievance. The supervisor should, and is encouraged to, consult with any employee of the Town in order to reach a correct, impartial, fair, and equitable determination or decision concerning the grievance. Any employee consulted by the supervisor is required to cooperate to the fullest extent possible.

The response from the supervisor for each step in the formal grievance process shall be in writing and signed by the supervisor. In addition, the employee shall sign a copy to acknowledge receipt thereof. The responder at each step shall send copies of the grievance and response to the Human Resources Director.

Step 2. If the grievance is not resolved to the satisfaction of the employee by the supervisor, the employee may appeal, in writing, to the appropriate Department Head within ten calendar days after receipt of the response from Step 1. The Department Head shall respond to the appeal, stating the determination of the decision within ten calendar days after receipt of the appeal.

Step 3. If the grievance is not resolved to the satisfaction of the employee at the end of Step 2, the employee may appeal, in writing, to the Town Manager within ten calendar days after receipt of the response from Step 3. The Town Manager shall respond to the appeal, stating the determination of the decision within ten calendar days after receipt of the appeal. The Town Manager's decision shall be the final decision. The Town Manager will notify the Town Council of any impending legal action.

Department Heads.

In the case of Department Heads or other employees where the Town Manager has been significantly involved in determining disciplinary action, including dismissal, the Town may wish to obtain a neutral outside party to either:

- 1) provide mediation between the grieving Department Head and the Town Manager (see definition of mediation in "informal resolution" above); or
- 2) consider an appeal and make recommendations back to the Town Manager concerning the appeal. Such parties might consist of human resource professionals, attorneys trained in mediation, mediators, or other parties appropriate to the situation.

The Town Manager's decision shall be the final decision. The Town Manager will notify the Town Council of any impending legal action.

Role of the Human Resources Director

Throughout the grievance procedure, the role of the Human Resources Director shall be as follows:

- 1) To advise parties (including employee, supervisors, Department Heads, and Town Manager) of their rights and responsibilities under this policy, including interpreting the grievance and other policies for consistency of application.
- 2) To be a clearinghouse for information and decisions in the matter including maintaining files of all grievance documents.

- 3) To give notices to parties concerning timetables of the process, etc.
- 4) To assist employees and supervisors in drafting statements.
- 5) To facilitate the resolution of conflicts in the procedures or of the grievance at any step in the process;
and
- 6) To help locate mediation or other resources as needed.

The Human Resources Director shall also determine whether or not additional time shall be allowed to either side in unusual circumstances if the parties cannot agree upon extensions when needed or indicated.

Grievance and Adverse Action Appeal Procedure for Discrimination

When an employee, former employee, or applicant, believes that any employment action discriminates illegally (i.e., is based on age, sex, race, color, national origin, religion, creed, political affiliation, non-job-related disability, marital status, veteran status, or genetic information), he or she has the right to appeal such action using the grievance procedure outlined above. While such persons are encouraged to use the grievance procedure, they shall also have the right to go directly to the Human Resources Director or to appeal directly to the Town Manager.

Employment actions subject to appeal because of discrimination include promotion, training, classification, pay, disciplinary action, transfer, layoff, failure to hire, or termination of employment. An employee or applicant should appeal an alleged act of discrimination within thirty calendar days of the alleged discriminatory action but may appeal for up to six months following the action.

IV. NON-GRIEVABLE ISSUES:

- 1) The negotiation of wages, salaries, or fringe benefits.
- 2) Any work activity accepted by the employee as a condition of employment.
- 3) Operating and/or organizational changes adopted by the Town for the efficient and economical operation of Town services, including but not limited to hours of work, licenses and certifications, residency requirements, work assignments including temporary assignments, and other specified conditions of employment.
- 4) Denial of promotion or transfer (unless due to illegal discrimination, harassment, or retaliation).
- 5) Disciplinary actions of less severity than suspension without pay, demotion, or dismissal (such as written warnings, etc.)

Non-grievable complaints may, however, be provided for management review through the “open door” policy outside the scope of this grievance procedure.

V. OPEN-DOOR POLICY:

This practice is an informal and discretionary first step in the grievance procedure by which any employee may bring an issue to his/her supervisor's attention verbally and without documentation. Many problems may be resolved by an informal meeting at which an opportunity for discussion of issues is permitted. Grievants are therefore encouraged to first discuss their complaints with the person closest to the problem. The Open-Door Policy is informal and optional. It may be bypassed by the Grievant's choice. No negative consequences shall occur when an employee chooses to utilize the Open-Door Policy.

ARTICLE XXXIV

EXPECTATION OF ETHICAL CONDUCT

I. POLICY:

The proper operation of Town Government requires that public officials and employees be independent, impartial, and responsible to the people; that the governmental decisions and policy be made in the proper channels of the governmental structure; that public office not be used for personal gain; and that the public has confidence in the integrity of its government. No official or employee of the Town shall solicit or accept any gift, favor, or thing of value (over \$50) that may tend to influence such employee in the discharge of the employee's duties or grant in the discharge of duty an improper favor, service, or thing of value.

II. PURPOSE:

The Town is committed to operate all activities within the spirit and letter of all laws and regulations affecting its businesses and employees. Employees must exercise the highest level of integrity, ethics and objectivity in their actions and relationships which may affect the Town. Employees must not misuse their authority or influence of their positions in these relationships. Moreover, an employee has the duty to act in the best interest of the Town at all times.

III. PROVISIONS:

While the Town has no wish to interfere in any employees outside activities, the Town prohibits conflicts of interest.

The Town's policies require that employees (and their immediate family, namely, spouses and family living in the same household) not have any ownership interests in, or own property with, any of the Town's vendors, suppliers, contractors, agencies, customers, or competitors (or their Town employees) unless the Town determines that such ownership interests does not conflict with the employee's obligations to the Town. These restrictions do not apply to ownership of stock of a public Company.

The Town requires that employees not work for or conduct any outside business with a competitor. Employees may not be engaged in any manner by a competitor of the Town.

To ensure the highest level of objectivity in dealing with the Town's vendors, suppliers, contractors, and agencies and to avoid the appearance of impropriety, employees and their immediate family are not permitted to accept personal benefits, solicited or unsolicited, of any kind. This includes gifts, free services, discounts, loans, lavish entertainment, or other special favors. Infrequent gifts valuing not more than \$50 may be accepted when they have not been solicited and are not being made in return for a special consideration or decision.

Employees may not use Town assets or funds for any unlawful or improper purpose. The Town does not authorize and will not condone any payment by any employee that is in the nature of a bribe, kickback, or disclosed commission or a commission that is in excess of those required in ordinary course of business to a third party for obtaining any business or otherwise bestowing a special favor on the Town or employee. Gifts or payments may not be offered or given to foreign officials, political parties, or candidates. While certain nominal payments or gifts to administrative personnel, who do not exercise discretionary authority, may be customary, any such payments or gifts must be disclosed to senior management in advance to ensure that they are appropriate. Records of any such payment or gift must also be maintained.

IV. USE OF TOWN PROPERTY AND EQUIPMENT:

Town equipment, materials, tools, and supplies shall not be available for personal use and are not to be removed from Town property except in the conduct of official Town business, unless approved by the Town Manager. All Town property issued to the employee shall be returned to the employee's supervisor upon termination of employment prior to the issuance of the final paycheck.

ARTICLE XXXV

INCLEMENT/ADVERSE WEATHER POLICY

I. POLICY:

During periods of inclement weather, the Town Manager is responsible for making a determination as to whether or not the operating hours of the Town of Selma should be delayed, canceled, or closed early. The Town Manager makes this determination based on the severity of weather conditions at the time, the weather forecast, road conditions and the closing of area businesses and industries.

II. PURPOSE:

In the event it becomes necessary to open Town Offices late or to close early due to severe inclement weather, it is the Town's intent that the employees receive their regular pay for the day.

III. PROVISIONS:

Employees should record all hours worked and indicate Administrative Leave only for the hours necessary to make up the difference between actual hours worked and scheduled hours for that day. The Town only pays overtime in accordance with all applicable state and federal wage and hour laws based on actual hours worked.

The following explanation is regarding compensation and leave practices that apply specifically to employees classified as non-exempt in accordance with the Fair Labor Standards Act. Town of Selma employees will be granted paid Administrative Leave for the portions of the business day in which Town of Selma agencies are closed for inclement weather conditions.

EXAMPLE: If the Town of Selma opens at 10:00 a.m. due to inclement weather, Town of Selma employees normally reporting to the work site at 8:00 AM will receive two hours paid Administrative Leave (from 8:00 AM until 10:00 AM)

Administrative leave is used to make the employee whole and is not to be used to extend the workday beyond scheduled hours.

If, due to inclement weather conditions, a non-exempt employee is unable to arrive at work by the scheduled time of the delayed opening, the employee must exhaust accumulated Annual Leave or previously accumulated Compensatory Time.

ANNOUNCEMENTS REGARDING OPERATING HOURS

Information regarding the operating hours of the Town of Selma during inclement weather will be provided to designated media outlets by 7:00 a.m. Announcements during periods of inclement weather will be placed on the Town of Selma website (<https://selma-nc.com/>).

Employees also have the option of calling their Department Head/immediate supervisor for further information/instruction.

RESPONSIBILITIES

All employees are responsible for checking available sources of information regarding possible delayed schedule or closing of Town Agencies during periods of inclement weather. Employees are also responsible for contacting his/her Department Head or designee prior to the announced scheduled opening of the Town Agencies to advise him/her of any inability to arrive at work and request approval of Annual Leave.

Department Heads, supervisors, and the Finance Director are responsible for ensuring this policy is adhered to properly and for the monitoring of employee time sheets.

Employees of the Town of Selma who have exhausted or exhaust accumulated Annual Leave or previously accumulated compensatory time shall not be paid for operating hours of the Town of Selma during periods of inclement weather.

RECOGNITION

The Town of Selma believes that it has the responsibility to provide and maintain services to its citizens in the event of severe weather or emergency conditions provided that there is no imminent threat to an employee's safety.

The Town of Selma values the dedication of its employees and believes that it is valuable to recognize such dedication. Following the severe weather or emergency conditions, special recognition by the Town and/or individual departments should occur.

Policy adopted by Selma Town Council

Town of Selma employees are always expected to represent the Town to its citizens and general public in an exemplary manner both in conduct and appearance. Town employees should always be well-groomed and dressed in a manner suitable for the public service environment and in attire that allows the employee to work comfortably in the workplace.

II. PURPOSE

The purpose of this policy is to establish the Town's guidelines for the appearance of the Town of Selma employees when performing duties and conducting business for the Town, and to ensure all employees project and always maintain a positive public image. Because of the changing nature of fashion, regulations pertaining to acceptable employee attire and grooming are flexible; however, there are certain expected norms of professional appearance, personal neatness, cleanliness, and good grooming which are applicable to all employees.

III. PROVISIONS

The general dress code for the Town of Selma Employees is "business casual" attire. Some Town Employees, due to the nature of their work, may be required to wear uniforms or other clothing that differs from business casual attire. Dress and skirt length should be at a length at which the wearer can sit comfortably in public without being revealing and no more than three (3) inches above the knee. Extravagance and extremes of style and attire are not in good taste in a public service environment.

Employees in departments requiring uniforms must adhere to the uniform code of dress appropriate for that department.
